Defense Admits He Killed RFK

... BUT ON IMPULSE

Los Angeles (AP) — Sirhan Bishara Sirhan assassinated Sen. Robert F. Kennedy while "in a trance," his defense said Friday.

"There is no doubt," attorney Emile Zola Berman told Sirhan's first-degree murder jury, "and we have told you this from the beginning: That he did, in fact, fire the shot that killed Sen. Kennedy."

"Killing Unplanned" "The killing was unplanned and undeliberate, impulsive and without premeditation or malice, totally a product of a sick, obsessed mind and personality."

The slight 24-year-old Sirhan, a Palestinian Arab, began fidgeting as Berman continued.

"At the actual moment of the shooting, he was out of contact with reality, in a trance in which he had no voluntary control over his will, his judgment, his feelings or his action."

Admired RFK

Berman said Sirhan was an admirer of Kennedy until shortly before the assassination, when the 42-year-old senator from New York advocated sending jet planes to Israel.

"That did it!" Berman added of events which he said led Sirhan into a weird world of fantasy and hatred.

When Berman, a bald 66-year-old New Yorker who is one of three defenders, finished his 20-minute opening statement to the jury of eight men and four women, the state began calling witnesses to try to prove that Sirhan shot Kennedy, June 5, 1968, with malice and premeditation.

Eastern Half Of State Gets 6-12 Inch Snowfall

Snow continued to fall throughout most of east and central Nebraska Friday night and was leaving all highways in the area icy and snowpacked, according to the State Department of Roads.

The complex winter storm largely responsible for the bad weather was located in the western Gulf of Mexico, but the heaviest snowfall occurred more than 1,000 miles north of the storm center, U.S. Weather Bureau officials noted.

Snow depths by Saturday morning ranged from 1 to 2 inches at North Platte and Imperial to 6 to 12 inches in the eastern half of the state.

The U.S. Weather Bureau station at the Lincoln airport reported early Saturday that Lincoln had received more than 11 inches of new snowfall from the storm.

Most highways were reported open early Saturday, except for a portion of Highway 22. But State Patrol officials in Lincoln warned that highways across the state were hazardous because of a layer of ice beneath the snow. The patrol also said snow

was drifting badly on most roads.

vital roads covered from previous snowfalls, received more snow Friday and drifting was again causing problems and some one-way travel.

Some drifting and one-way traffic were also reported in the Laurel, Valentine and Napier areas.

Norfolk, with 5 inches still on the ground from other storms, added another eight inches Friday.

Roads in the valley between the Elkhorn and Platte Rivers

in Douglas County disappeared beneath two and three-foot drifts and many cars were abandoned, though no motorists were reported stranded.

Some schools were closed Friday including those at York, Benedict, Stromsburg and Henderson. Bradshaw schools closed at noon.

Some snowfall estimates included 10-12 inches at Wood River; 10 inches at Benedict and Columbus; 9 inches at York and Grand Island; 10 inches at Alma, Beatrice, Seward and Norfolk; 7 inches at Omaha and Wymore, and 5 to 6 inches at Wahoo, Fairbury, West Point, Cambridge, Fremont, Clarkson, Bruning, Nelson and Upland.

Weather forecasters have predicted light snow for eastern Nebraska Saturday and occasional snow Sunday, but temperatures are not expected to dip.

Students Are Dispersed Near Wisconsin's Capitol

By The Associated Press

Three busloads of police dispersed a crowd of University of Wisconsin demonstrators at the state capitol grounds Friday as students wrapped up a fifth consecutive day of disorder.

More than 1,500 students, most of them white persons, marched eight blocks to the capitol after leaders said Negro members of the university's track squad had agreed to boycott a track meet Saturday in sympathy with Negro students' demands.

Several arrests were made as demonstrators marched for the third time in 24 hours from the campus to the capitol.

Demonstrators sat down in a street and later moved into a busy intersection, stopping traffic.

Students Retreat

Riot-trained police, waiting a block away, lined up shoulder-to-shoulder. Students retreated as their leaders urged them to remain calm and go home.

After five blocks, demonstrators broke ranks and dispersed.

At a rally, march leaders said black members of the university's defending-champion Big Ten indoor track team would boycott a meet with Michigan State.

Individual Wishes

not to compete. Walter said he would go along with the wishes of individual members of the team.

Earlier Friday, Chancellor H. Edwin Young announced there would be a withdrawal of police and National Guard troops from the campus.

The only Guardsmen in evidence Friday night were inside the capitol.

The Wisconsin students were demonstrating for a number of demands dealing with Negro students, including establishment of a black studies center.

On other campuses there were these developments:

University of Chicago — Students who had occupied the administration building for 15 days left the building after they voted 3 to 1 to end

the sit-in. The administration had made the end of the take-over a condition for negotiations. The students also reportedly voted down a motion to break into files of the university "bureaucracy."

University of Massachusetts — Administration and student union buildings on the Amherst campus were evacuated and searched by police after five anonymous telephone calls reporting bombs had been placed in the buildings. None were found.

Meanwhile 33 students arrested during a sit-in Thursday night were formally charged Friday with trespassing and willfully disturbing an assembly.

Mississippi Valley State College — An all-night meeting of a student-faculty committee brought agreement Friday on a number of

issues which led to a student boycott of classes at this all-Negro school at Itta Bena, Miss. Dr. J. H. White, president of the college, called the negotiating session, he said, because "I just don't want anybody getting hurt."

Duke University — A battalion of 500 National Guardsmen waited at a nearby armory, under orders not to go onto the Durham, N.C., campus until needed. The campus was quiet after a student-police battle Thursday night in which 26 persons were injured.

Brandeis University — Black students held a news conference on the Waltham, Mass., campus to reiterate their demand that they be given the right to name the head of the university's new African and Afro-American studies department.

Some Turmoil Said University's Nature

By LUCILLE HOWARD
Star Staff Writer

Controversy must run throughout a university because there will always be some turmoil "when creative things are in process," the president of Princeton University declared here Friday as the University of Nebraska launched its second hundred years.

Dr. Robert F. Goheen told a small NU audience that a centennial is surely an appropriate occasion to see that "interplaying forces toward conservation and innovation exist in the society at large as well as in the university."

"It follows, however, from the very idea of a university that it must be bearer of the torch of free inquiry even when radicalism is in general disrepute," he emphasized.

While the university "endeavors to sustain allegiance to enduring values alongside concern for the world's immediate problems and to interrelate them, the university, at its best, serves as something of a balance wheel for society at large through shifts of fashion and fortune."

Tomorrow's Solution

Goheen, addressing the NU Centennial Convocation one day before the school's official birthday, contended that a university is "a place where today's heresy may prove to be tomorrow's solution."

"It is a place where, in the restless, unceasing search for new and deeper insights, a student or professor should even be permitted to make a mistake or two without having the roof fall in on him."

The New Jersey university president said he "would not deny that all too much" of the widespread turbulence on campuses has little

if any intellectual justification. However, he reminded that the "halls of academe were never quite as sedate as myth or nostalgia would have it. The heady swirl of dissent and reform is as much a part of the search for knowledge as is the contemplative study of ancient truths."

University's Function

The university's function as a "conservator and guardian" of the "best that men have managed to do or think so far" is as important as its innovative role, Goheen said.

The Princeton president did not minimize the potential of the radical student leftists to cause trouble, but he said that the "much larger groups of thoughtfully concerned and restless students, now to be found on every campus, merit our attention."

Goheen said he was impressed with students' idealism, genuine concern "for the quality of our national life and a strong desire to do something positive about man's exploitation of man."

One of the "biggest tasks of the universities is to keep the restlessness of so many of the students—with all of its creative potential—from becoming self-defeating. Our challenge is to help all this abundant intelligence and moral energy relate practically and effectively to the real world."

Goheen was one of six persons awarded honorary doctorate degrees at the Centennial Convocation and honored again later at the centennial luncheon.

Honorary doctorates also were conferred upon Whitney M. Young Jr., executive director of the National Urban League; Mrs. Olga Nielsen Sheldon, art patron of Lexington; Dr. Edwin J. Wellhausen, director of the Rockefeller Foundation International Maise and Wheat Improvement Center in Mexico; Mrs. Sarah Ladd Woods, Lincoln leader in cultural affairs; and Dr. J. George Harrar, president of the Rockefeller Foundation.

Dr. Clifford Hardin, NU chancellor and secretary of agriculture, bestowed high praise on Gov. Norbert Tiemann, who also attended the luncheon, for "exciting us about the potential of this state."

Since Tiemann took office, the "spirit of the state has changed," Hardin said in a brief review of the school's history. He urged his campus colleagues and friends to "continue to support the governor's endeavor to lead Nebraska forward."

ballot as a candidate for City Council.

Hale confirmed Friday that the petitions are being circulated to obtain the necessary 100 signatures, but said he had not yet decided whether or not to become a candidate.

The terms of councilmen Lloyd Hinkley, Carroll Thompson and John Comstock expire this year.

Both Hinkley and Thompson have indicated they will not seek re-election in the April 8 primary election.

Comstock said Friday that he will probably announce his intentions next week.

Hale, 66, served 42 years with the Lincoln Telephone and Telegraph Co. until retiring in 1967. He lives at 1915 D.

He was vice president in charge of operations at the telephone company and also served as president of the Lincoln Chamber of Commerce.

Berlin — Soviet and East German military authorities recently practiced jamming radio and radar equipment of Western planes using Berlin air corridors, and have begun troop movements in the vicinity of the isolated city's land access routes, it was reported Friday.

The moves were disclosed by German and Western Allied sources, who regarded them as possible preparations for a Communist squeeze on the lifelines of West Berlin, 110 miles inside East Germany.

Haddon Says Big Hazard In Mini-Cars

Washington (UPI) — Dr. William Haddon Jr., who developed the government's auto safety standards, resigned his federal post Friday and gave a final warning that mini-cars were an extreme highway hazard.

Haddon, 42, was the first head of the National Highway Traffic Safety Bureau, set up by Congress in 1966 to try to cut the nation's growing auto death toll.

In a parting announcement, Haddon said government research indicated that mini-cars — those under 1,000 pounds — cannot pass auto safety standards.

"The results of research indicate that these cars should be taken off the road," he said.

The tests were conducted on two mini-cars — a Japanese-made Subaru, and an American-made car known as the "King-Midget."

Under the present government standards, cars under 1,000 pounds are exempt from the safety standards.

Allied Gls Ignore Viet Cong Truce

Saigon (AP) — A seven-day cease-fire proclaimed by the Viet Cong began Saturday, but allied military forces ignored it and kept up their drive against the enemy.

The Viet Cong high command had declared its forces would observe the cease-fire in observance of the Vietnamese lunar new year, Tet, which falls on Monday.

Mindful that the enemy launched its biggest offensive of the war during one such cease fire at Tet last year, the allied command declined to go along with the enemy cease-fire timetable.

U.S. Would Go Along

But the Saigon government was expected to announce its own cease-fire later Saturday. The U.S. Command has said it would go along with one proclaimed by the South Vietnamese government.

On the eve of their Tet standoff, the Viet Cong command ordered its forces to "launch new simultaneous attacks" and "increase military pressure on all fronts" during the next lunar year.

The order appeared to refer to the year in general, and not to the Tet cease-fire.

Routes Bombed

For the second straight day, U.S. B52 Stratofortresses heavily attacked the invasion routes to Saigon, dumping 5,000 bombs on suspected enemy targets from 28 miles northeast of the capital to 75 miles northwest.

The U.S. Command said B52 bombers flew four more

missions Friday night and Saturday morning along a curve stretching from the northwest to the northeast of Saigon.

The American command listed only sporadic ground actions late Friday.

Security for about 25,000 U.S. servicemen in the Saigon area has been tightened as increasing terrorist incidents in the capital aroused speculation that the Viet Cong and North Vietnamese may attempt something spectacular during Tet.

Buddhists Report Monk Burns Self

Saigon (UPI) — A monk burned himself to death in an apparent attempt to win support for an immediate cease-fire in the Vietnam war, Buddhist officials said Friday.

The monk poured gasoline over his body and then set fire to himself near the huge military complex at Bien Hoa, 14 miles northeast of Saigon in the first such incident reported in many months.

Unconfirmed reports said the monk sacrificed himself to support a militant Buddhist call for a ceasefire, a stand which conflicts with the Saigon government's position.

Antagonism between the Buddhists and the government of President Nguyen Van Thieu has been more widespread recently.

Mafia Leader Genovese Dies

© New York Times Service

New York — Vito Genovese, the 71-year-old Mafia leader, died early Friday at the medical center for federal prisoners in Springfield, Mo. Genovese had been suffering for more than two months from a heart ailment.

He was serving a 15-year sentence for trafficking in narcotics.

Vito Genovese's throne of "boss of all bosses" of the Mafia in the New York metropolitan area rested on the coffins of several predecessors in whose murders he was said to have conspired.

Ruled From Prison

In the Atlanta penitentiary, where the stocky, pallid boss of organized crime began serving his sentence, he was able to choose his cellmates and, according to law enforcement officials, send orders to his lieutenants beyond the walls. Transferred later to Leavenworth, Kan., he continued to awe and to rule fellow prisoners and to work in his varied outside enterprises.

It was Genovese's high-handed exercise of authority in Atlanta, according to the Justice Department, that led to the first public exposure of the organizational setup of the

Mafia, sometimes called the Cosa Nostra.

Genovese allegedly ordered the execution within the federal prison of one of his "soldiers," Joseph Valachi, who shared his cell. Valachi, in a frenzy of fear, killed another prisoner whom he mistook for his appointed executioner, and later became the star witness for a Senate investigation of organized crime in 1963.

Born Near Naples

Genovese was born in Rosigliano, near Naples, Nov. 27, 1897. He was 15 when he arrived in the U.S. from Italy and settled with his family in Mulberry Street, the heart of New York's "Little Italy." Starting with thefts from pushcarts, he became an errand boy for the Mafia leaders of that time and graduated to collector for the Italian lottery and crimes of violence. The first of his many arrests came when he was 19. He received a short prison term for carrying a pistol.

By cunning and power, he rose in the Mafia hierarchy, winning the title of "Don Vitone."

In 1931 he and another ambitious hoodlum, Salvatore Lucania, better known as Charles (Lucky) Luciano, started a skein of intrigue that eventually put Luciano, and later Genovese, at the top of the Mafia in New York and New Jersey. The pair, underlings of Giuseppe (The Boss) Masseria, were said to have sold out their leader to Salvatore Maranzano, who

aspired to the title of "boss of all bosses."

Genovese and Luciano lured Masseria to a Coney Island restaurant where he was wine and dined and shot dead by a killer who has never been identified. Maranzano himself was murdered less than six months later, and the arrangements of that liquidation, according to Valachi, were Luciano and Genovese.

The year 1931 was a turning point also in Genovese's domestic affairs. His first wife died of tuberculosis.

Soon after his wife's funeral, Genovese let it be known that he wanted to marry Anna Petillo, who already had a husband. Petillo's strangled body was found on a roof. Genovese and the widow were united 12 days later.

The union was a stormy one, however, and ended 20 years later in separation.

One murder, that of Ferdinand (The Shadow) Boccia in 1934 backfired against Genovese and forced him to flee to Italy with \$750,000 in cash.

He became a supporter of Italian dictator Benito Mussolini, gave \$250,000 to the Fascists and received the highest decorations from Il Duce.

After Mussolini's fall, Genovese wormed his way into the confidence of American Army and occupation authorities, became a major black marketeer and was riding high until a captain in the criminal investigation division identified

him as wanted in Brooklyn for murder.

State Witness Poisoned

Genovese was returned to Brooklyn for trial, but the state's chief witness against him, Peter La Tempa, was fatally poisoned while in protective custody.

The case against Genovese collapsed.

During Genovese's long exile in Italy, Luciano had been sent to prison in 1936 for 30 to 50 years for compulsory prostitution and Frank Costello (real name Francesco Saverio) succeeded him as underworld boss in the New York area.

Promptly upon his return, according to law enforcement forces, Genovese began whispering campaign to undercut Costello. Suspecting Albert Anastasia, head of one of the other Mafia families, of an alliance with Costello, Genovese allegedly engineered Anastasia's murder in the Park-Sheraton Hotel barber shop in New York Oct. 25, 1957. This was five months after a gunman had bungled an assassination attempt on Costello.

Costello, however, understood the message and eased himself out, and Genovese realized his dream of heading the biggest Mafia family in the U.S.

But his greed proved his undoing. Disregarding an order from the Mafia's national commission to get out of narcotics, Genovese backed a big smuggling operation that was foiled and brought prison terms to him and 14 co-defendants.

Louisiana Attorney General Indicted On Fraud Charges

Washington (AP) — Jack P. F. Gremillion, Louisiana's attorney general, was indicted Friday on a charge of fraud and conspiracy in the bankruptcy of a New Orleans financial corporation, the Justice Department announced.

Atty. Gen. John N. Mitchell said Gremillion and four other men were indicted after a year-long probe into operations of the now-defunct Louisiana Loan and Thrift Corp.

The indictments were

returned by a federal grand jury in New Orleans.

Besides Gremillion, those charged included a state representative, the counsel for the Louisiana State Public Service Commission and a Louisiana attorney and an Arkansas man.

They included Salvador Anzelmo, 45, a state legislator from Orleans Parish; Joseph H. Kavanaugh, 35, a lawyer and the counsel for the Public Service Commission; Ernest A. Bartlett Jr., 29, of Fort Smith, Ark.; and Charles H. Ritchey, 30, a Metairie, La., attorney.

The Justice Department said all of the defendants except Kavanaugh owned stock in the corporation which had approximately 1,400 depositors and about \$2.5 million in deposits.

Ritchey served as president of the institution, Anzelmo was its director and legal counsel, and Bartlett was its chief executive officer and chairman of the board of directors.

The indictment stems from issuance of bond investment certificates and accused the five men of making false statements to prospective purchasers to stimulate sales of the certificates.

Trial Of Ray Delayed Again

Memphis, Tenn. (AP) — The James Earl Ray trial, scheduled to begin March 3, was continued Friday until April 7. Ray is charged with killing Dr. Martin Luther King.

Judge W. Preston Battle granted the continuance after Ray's attorneys said they could not be ready by the scheduled trial date.

In setting the new date, Battle commented: "It will go to trial that day, God willing, unless there is some legal reason it can't."

Schoolchildren Bypass Crossings With Signals

By TOM EKVAL
Star Staff Writer
"Use 'em or lose 'em!"
That was the warning by the School Crossing Protection Committee Friday regarding signalized school crossings which are not being used by school children.

Lt. Donald Smith, police department safety education officer, said there are many

such crossings not being used by the children.
Smith said children are using other nearby intersections.
A report listed 1,000 children crossing at intersections near the 148 school crossings.

Other Areas
Committee members agreed that there are other

areas which could use the school crossing control signals if the present ones are not being adequately used.
The committee decided to go ahead with a suggestion by board member Eldon Heskett to send letters to school principals advising them about children crossing at unauthorized intersections.

City Traffic Engineer Robert Holsinger said children crossing to Elliot, Culler, Rosseau and Lefler schools were the worst violators.

"It is the school's responsibility to make sure the signalized crossings are being used," Heskett said.

Gets Go-Ahead
The committee gave the traffic engineering department the "go-ahead" to re-evaluate six school crossing intersections which are not protected by signals.

Original checks are made by PTA groups. Intersections having more than 100 points based on a traffic and pedestrian count rating system will be re-evaluated.

The six to be recounted for possible signalization are: 20th and Sumner, 56th and Orchard, 56th and Sumner, 51st and Holdrege, 46th and Pioneer and Cotner and Valley.

Riley School PTA members appeared before the committee to support the installation of a school crossing control signal at 51st and Holdrege.

Watch Begun
John R. Carson, president of the PTA, said the number of children crossing at the intersection is such that a "parent watch" has been initiated.

Carson said a parent is at the intersection during the peak half hours children cross the street.

"They are there to observe and assist children," he said. Holsinger commended the group for taking action on their own to help the crossing situation.

"The intersection this year is Number One on the priority list for crossing signalization, but money will not be appropriated for such projects until Sept. 1," Holsinger said.

Lieut. Frady's Death Suicide

Ft. Bragg, N.C. (AP) — The Army said Friday a preliminary investigation indicated the death of 2nd Lt. Jack L. Frady, 24, on the Ft. Bragg post over the weekend was a suicide.

An Army spokesman said Frady's body was found hanging from the closet door of his room in the bachelor officers quarters. The body was found Monday by a maid. Officials said Frady had been dead at least a day before his body was found.

The Army said no note was found and no reason was apparent. Investigation is continuing.

Frady, attached to the Seventh Special Forces Group, was the son of Mr. and Mrs. Jack Frady of Crofton, Neb.

Rushville Fire Victim's Identity Is Still Unknown

Rushville (AP) — No positive identification can be made on the body of a man found in the ruins of a fire that destroyed a group of buildings Jan. 27 at Whiteclay, Sheridan County Sheriff George Pochon said Friday.

The sheriff said that Scottsbluff pathologist W. O. Brown reported after an extensive examination that the victim was an unknown male American Indian between the ages of 40 and 60 years.

Death was attributed to freezing prior to the fire, the sheriff said. But the body was so badly disfigured that study of the teeth had failed to prove anything conclusive on the man's identity.

Brunch Cancelled

The Home Economics Education Association has cancelled an annual brunch, which was scheduled for 9:30 a.m. Saturday at the Lincoln Hotel.

The meeting will be re-scheduled later in the year, association spokesmen said.

Quiz Cancelled

An invitational quiz bowl for Nebraska high school students, which was scheduled for the University of Nebraska at 9 a.m. Saturday, has been cancelled because of the weather.

AGAIN . . . Lincolmites battled snowfall Friday.

Parking Limited For Snow Removal

Lincoln's public works director jokingly noted Friday that the snow had "filled in our chuckholes" — and added that snow removal crews would plow city arterial streets "continuously" until they are clean.

At the same time, City Traffic Engineer Robert Holsinger announced parking restrictions until further notice.

Holsinger prohibited parking on arterial streets and in congested areas, and restricted parking in residential areas during the hours from midnight to 7 a.m.

During those hours, residential parking will be permitted only on the side of the street with even-numbered houses on even-numbered days and on the side of the street with odd-numbered houses on odd-numbered days.

Public Works Director Robert Oberger said crews started on the arterial streets at 2 a.m. Friday.

He said the work would continue through the night

Friday. Work on the downtown areas began at 10 p.m.

Oberger said the residential streets would be plowed after the snow stops.

"If the snow stops by Saturday morning, the snowplows should be clearing the streets Saturday afternoon or evening," he said.

Oberger said plowing of

residential streets in the outlying areas of the city would be given priority over other residential streets.

The heavy snowfall curtailed construction of the County-City Building parking lot for city vehicles.

Oberger said the materials arrived Thursday but that work would not start until the snow is cleared out.

Accident Rate Jumps

The heavy snowfall that covered Lincoln Friday and early Saturday morning caused severe traffic jams and several minor accidents, police said.

Police said between 3 p.m. and 6 p.m. Friday accidents occurred at the rate of one every nine minutes.

"The first three hours of our shift gave us 25 traffic accidents including one bad injury-accident," said Lt. William Satterthwaite.

The injury-accident occurred when a car driven by Mrs. Jessemine M. Wilkins, 720 Capitol Beach Blvd., and her daughter, Billie, 15, after

they came in collision with a truck driven by LeRoy Self of Sioux City, Ia.

Mrs. Wilkins and her daughter were treated at St. Elizabeth and admitted in "serious" condition. Self escaped injury, police said.

The traffic accident count by 1 a.m. Saturday, was 46, police said.

The Lincoln Telephone Company reported that the heavy weight of the wet snow had snapped some of the telephone lines in the southeast district of Lincoln.

The Lincoln Electric System reported no power lines broken.

Dechant Advocates Curb To Factory-Type Farms

Des Moines, Iowa (AP) — Fiery farm leader Tony Dechant called Friday for legislation to curb factory-type farms.

Other speakers at the National Farm Institute here, however, expressed little concern about it.

Dechant, of Denver, Colo., president of the National Farmers Union, said action is needed to preserve the family farm.

"If there are those who favor the destruction of a family-type agriculture in America, let them speak out candidly and say so," Dechant urged.

"Above all," he added, "let them give us alternatives to the disappearing small towns, to the crowded and deteriorating cities, to the concentration of ownership in our food and fiber-producing establishments, to the destruction of our land and water resources, and to the tax steal that is occurring."

Harold Oppenheimer of Kansas City, president of a large cattle and ranch management firm, pleaded for preserving present tax subsidies, which he said have helped cattlemen breed better cattle.

Defends 'Outsiders'

He defended what he called "outsiders" in farming. He said eliminating them would not "change the numbers of cattle or the acres planted to crops." Neither, he said, would legislation now before Congress to alter tax advantages present in farming affect "the volume of production and prices."

An Iowa State University professor, Dr. Ross Talbot, predicted that legislation will be passed to alter current tax write-offs in farming activity, especially development of livestock breeding herds.

Iowa Congressman John Culver, who has introduced a bill on the tax subsidies to which Oppenheimer referred,

said the measure would eliminate "tax loopholes that enabled 83 taxpayers in 1966 who reported to claim average farm losses in excess of \$40,000."

Culver called for "attacking the growing trend of non-farmers to 'farm' the federal tax laws in hopes of reaping a full harvest of tax benefits."

Norfolk Chamber Backs Proposals Of Nuernberger

Norfolk (UPI) — The Norfolk Chamber of Commerce transportation committee announced support of proposals made here by state Engineer Marvin Nuernberger.

He spoke at the regular noon luncheon of the Norfolk Chamber.

Among the proposals supported by the chamber are the issuance of \$20 million in highway revenue bonds to complete construction of Interstate 80 in Omaha and the western Nebraska area; reduction of the gasoline shrinkage allowance from three to one per cent, and the establishment of a six year plan to modernize Nebraska's highway system.

Judge Refuses Temporary Block In Payne Case

Papillion (AP) — District Judge Victor Schmidt refused Friday to grant a temporary injunction to prohibit the Sarpy County Board from hiring former State Sen. Dale Payne as an assistant to the county board.

Judge Schmit said he would hear the merits of the case May 26 and May 27.

The action was brought by Herbert Thiles of Bellevue.

Methodists Name 2 New District Heads

The appointment of new superintendents for the Southwest and Northeast Districts of the Nebraska Methodist Church was announced Friday night by Bishop Noah W. Moore Jr.

The Rev. John H. Mikkelsen has been named superintendent of the Southwest District, succeeding Dr. Sidney L. McCaig, W. Jackman, and Dr. D. R. Roker will be superintendent of the Northeast district, succeeding the Rev. Herbert W. Jackman.

Both of the retiring district superintendents have served six years, the maximum period for superintendents under denominational rules, and their pastoral appointments to local churches will be announced in June.

The Rev. Mr. Mikkelsen is currently pastor of the Brantburg Parish with churches at Gothenburg, Banner and Brady. Dr. Roker, a conference superintendent in the former Evangelical United Brethren denomination, has served as cabinet coordinator since the special session of the annual conference in December at which the EUB and Methodist conferences united.

Woman Killed In Crash During Heavy Snowfall

Blair (UPI) — Mrs. Bessie H. Nelson, 67, of Oakland was killed Thursday night in a near head-on auto crash three miles north of here on Highway 73, sheriff's officers said Friday.

Deputy Washington County Sheriff Ben Reeh said Mrs. Nelson was a passenger in a car driven by Vivian Frey, 48, of Thurston. Her northbound auto collided with a southbound car driven by John H. Duffey, 18, of Blair, Deputy Reeh said.

Reeh said the accident occurred in heavy snow with visibility very poor.

Combs' Beard Shaped As Heart On Each Cheek

Valentine (UPI) — Some people send valentines to their friends but not Tom Combs of Valentine.

Combs just goes himself, and proudly displays his valentine hearts beard. He sports a beard, shaped as a heart, on each cheek.

Combs, an active promoter of "the heart city of Valentine," is often referred to as "Mr. Valentine." He serves as a goodwill ambassador of Valentine, promoting the many activities that occur each February 14.

Treaty To Return Hijackers Signed By Mexico, Cuba

Mexico City (UPI) — Mexico has reached preliminary agreement with Communist Cuba on a treaty obliging the Castro government to return hijackers of Mexican planes to Mexico for prosecution, the foreign ministry announced Friday night.

Such a treaty would be the first requiring Cuba to extradite airline hijackers.

Mexico has conducted a long campaign of diplomatic pressure on the Castro regime for such a treaty as a means of stopping the current wave of airline hijackings.

Mexico is the only country besides Canada in the Western Hemisphere to maintain diplomatic relations with Cuba.

Conner Named To Gordon Post

Gordon (AP) — William G. Conner, 40, of Mankato, Kan., has been appointed the new superintendent of the Gordon city schools.

He succeeds Brown Sevier who announced his resignation last month.

The contract calls for a salary of \$13,000 effective July 1.

IN PERSPECTIVE

By WILLIAM O. DOBLER

To sketch the face of education would challenge the greatest masters of history in the field of art. Today, the University of Nebraska celebrates its 100th anniversary and there is ample cause for both reflection and jubilation.

Like other aspects of society, the history of the university has been a stormy one. It has survived the ravages of many things such as drought, depression and political stagnation. It has been bombarded from varied philosophical points of view but managed to progress to its current level of excellence.

Congratulations are in order, of course, for those who currently hold the reins of official responsibility. While there are matters which could be better than they are, the University of Nebraska has to take a back seat to no institution in the land.

★

But in education especially, a centennial should not be a time for looking back, even for a few years. Rather, it is a time to contemplate the future and lay the plans that will maintain for future generations the kind of academic climate that will be essential for them.

When you look at the future, you can hardly make it out. It is a vast open space that is only dimly lit with a few broad generalities. But we can see enough to know that the challenges we face are at least as great as those of the past.

All things are relative and while the difficulties of today are more formidable than those of years gone by, the resources we have to meet our needs are correspondingly greater. Thus, as it has always been, the fundamental question we face is the willingness of people to assume their responsibilities.

When we speak of education today, we speak of what has come to be considered by many as a right rather than a privilege. This is much more significant a change than the two simple words might first imply or convey.

★

As a right, education takes on an even more significant role in the lives of people than it has ever before occupied. As such, it stands as the basic cornerstone of society, not just an adjunct thereof in which some take an active part and others are uninvolved.

This does not mean that every single man and woman of tomorrow will be a college graduate. How many are graduates and the degrees they receive are really secondary matters.

What it means is that the knowledge and the pursuit of truth are the new revolutionary forces of the world. Not every man in a revolution is a general and they will not all be so in this revolution of which we speak.

The generals will be those who, as students, faculty, administrators and legislators, provide the guidance for the educational system. The army will be composed, however, of those generals plus millions in the ranks whose fortunes will rise or fall upon the actions of that leadership.

Specifically, the non-college graduate will find his future tied to the product of our educational system. The job he has and the manner in which he lives will hinge upon the accumulated knowledge of all mankind.

★

The opportunity for every individual to improve his standard of living, physically and aesthetically, will depend in the years ahead upon the progress of education at all levels. As a society, we have far outgrown the simplistic ecological framework which once allowed the human race the luxury of survival by chance or circumstance.

It is now a matter of harnessing all our human and physical resources to the limits of our ability or perishing in a wake of neglect, waste and extravagance. We have to understand and utilize the full potential of our environment, both human and natural.

Obviously, we have a fantastic knowledge gap to bridge before we are able to do this. As the University of Nebraska enters its second 100 years, it should be even more excited with the future than pleased with the past.

DREW PEARSON

Nixon End-Draft Decree Ignored

WASHINGTON — President Nixon's end-the-draft directive to the Defense Department has been consigned to the Washington treadmill, where most good ideas spin in hopeless circles.

The brass hats are blithely going ahead, as if they were unaware of the President's wishes, with preparations to draft more men than last year. Even the Marine Corps, which prided itself on maintaining a volunteer force, has asked for draftees to fill its ranks during the year ahead.

Nixon has ordered the Defense Department to "develop a detailed plan" for ending the draft and establishing an all-volunteer Army, Navy and Air Force. In time, of course, the "detailed plan" will emerge from the Pentagon. But it will be endlessly debated and delayed by the Senate and House Armed Services Committee, whose members are courted by and take their cues from the Pentagon.

If they wish to take a vacation to Paris or Hong Kong, the Air Force will fly them there. If they prefer a more leisurely cruise, the Navy will provide a ship. All three services have promoted committee members to exalted ranks in the reserves.

★ ★ ★
The armed forces find it simpler, of course, to draft than to recruit young men. As long as military conscription remains on the books, the services can disdain the bothersome scramble for manpower.

They need not compete with private industry to fill their ranks, nor persuade hesitant prospects to choose

a military career, nor worry about the Army's appeal. They merely notify the draft boards how many replacements they need, a system only slightly more sophisticated than the British Navy's method of shanghaiing crews from waterfront taverns in the 1700s.

The result is an army of amateurs in the age of specialists, a compulsory force whose rank and file tried valiantly to keep out of uniform and can hardly wait to get back into mufti. Nearly half of the Army's enlisted men are draftees, ripped away from their private pursuits, rushed into training, ramrodded through two years of enforced service, and then released just as they are reaching their peak fighting trim.

'Hope I'm Not Altogether Too Forward'

Questions About Sentinel

Review of the Sentinel antiballistic missile system ordered by the President is taken in many quarters to mean that Nixon will back up his pre-election campaign support of the system and the question to be resolved is how, not whether, the United States should build a defense against nuclear missile attack by the Chinese.

Involved in the complex controversy which had its roots in the middle Johnson years are contentions that the antimissiles shouldn't be placed near population centers because of the fear of accidental devastation, that the costs of building the system could be too gargantuan — some estimates reach \$40 billion — and that the system might not even work.

It was the question of where to deploy the atomic arms, in addition to the feeling of certain presidential advisors that the United States should hold off on developing the Sentinel until it is seen whether firm

arms control negotiations with the Soviet Union can be undertaken, that caused Nixon's review order.

The paramount question in the minds of many of our people, however, is whether the system, at the cost, is worth it. Sen. Edward Kennedy, majority whip of the Senate, says there is "no convincing evidence" that the Sentinel ABM system will function under combat conditions.

In a speech on the Senate floor, Kennedy said scientific advisors have warned that an initial atmospheric nuclear explosion would black out the heart of the system — the sophisticated radars — rendering them useless. Kennedy said an enemy could hold back the bulk of his missiles until our radars were imperative, "then loose the bulk of his attacking missiles, which would be undetected by our Sentinel and would hit their targets in the United States." Whether the system works is the question that has to be resolved.

Hardin's Maiden Speech

Secretary of Agriculture Clifford M. Hardin gave rural America something to think about rather than a farm program to argue about in his first major address since assuming the duties of his office. He spoke at a Des Moines agricultural meeting about the extensive possibility of improving living rural America.

While this is a generality, it does give an insight into the future of agriculture and it relates to what many others close to agriculture have been saying. The emphasis is shifting from the farm to rural America and the two are no longer one and the same.

By rural America, we mean the small towns and cities that dot the countryside. The growing answer to both the metropolitan problems and the trials of agricultural is seen in the development of

these towns and cities.

The expectation is that these towns and cities can become the gathering place for the disadvantaged in the metropolitan areas and the economically deprived on the farms. To do so requires only one thing — the existence of opportunity.

This, admittedly, is a mighty big thing but more and more people think it can be done. More and more of them think that the answer to farm adversity is to leave the farm and that this would happen if the alternative of successful small town life were available.

This, in turn, points away from more extensive and complex on-farm programs and to the ends of a free market economy in agriculture. It all will be a long time in coming but it very well may be already on the way.

Granting Of Amnesty To Exiled Draft-Dodgers Would Provide President Liaison With Youth

NEW HAVEN, Conn. — The Rev. William Sloane Coffin, the peripatetic chaplain fondly called "The Conscience of Yale" by some of that university's most prominent citizens, is just back from high adventure in Alabama, where it took a court order to permit him to speak on the campus at Auburn and where he was fascinated to observe brawny bodyguards riding shotgun to protect him from the presumed wrath of Wallace County.

A yarn-spinner of talent and gusto, Coffin intersperses tales of Alabama with accounts of numerous less theatrical but more significant encounters with conventional wisdom. His conviction for conspiring to urge young men to resist the draft is still on appeal; he is turning his formidable energies toward some form of mobilizing opinion against the nuclear arms race, most particularly American antimissile investments; and even before the draft-resistance controversy has been settled, he is helping raise the question of amnesty for those who refuse to serve in Vietnam.

To some of World War II vintage who have not yet accustomed themselves to the notion of American boys setting up house in Sweden rather than answering General Hershey's call, this may seem effrontery in the extreme; after all, they may well ask, if one boy is drafted and killed, and another refuses the draft and lives, should the second be left off free?

★ ★ ★
It is not quite sufficient to answer that about 800 such draft resisters now are in American prisons, paying with their liberty for acting upon their beliefs, because there are thousands more — no one knows quite how many, particularly if

deserters from the armed forces are included — living in reasonably comfortable self-exile abroad. Nor can the case really be argued on grounds that the draft resisters are morally right in opposing the war in Vietnam; others are just as sincere in the opposite belief and, in any case, draft resistance is a legal if not a moral transgression.

But this is an issue which plainly is going to have to be dealt with in Washington — not just because movers and shakers like Bill Coffin are involved but because discussion with the student generation, at Yale and elsewhere, suggests that amnesty is as genuinely an issue of concern now as have been the draft itself and the war. To what extent, it is being asked, and for how long can or should a nation punish political and moral dissenters?

This is a familiar question and amnesty as an answer is nothing new in history; even the word came from the ancient Greeks. In the United States, President George Washington granted amnesty to the Pennsylvania farmers who staged the Whisky Rebellion; and President Andrew Johnson offered the most famous amnesty, in 1868, to those southerners who "participated in the late insurrection of rebellion." More recently, President de

One Stood Up

Lincoln, Neb.

I wish to take this opportunity to publicly express my sincere appreciation to one of our senators from Omaha, Senator Henry Pederson, Jr.

On the day Richard Nixon took the oath of office and during the playing of our national anthem, he of all our senators was the only one to rise and stand at attention. As I stood in the rear of the Senate chamber with tears running down my cheeks at the sight of such an historic event, it was a bit disgusting to see the other senators and lobbyists laughing and talking among themselves, and there stood that one gentleman, a man among men that day.

May he always revere his country, his flag and his God. May they always influence his decisions for the betterment of all mankind.

LOU LIMBAU

The Conscience

Lincoln, Neb.

Perhaps Anita Clark thinks that two years of civilian or non-combatant duty is "hiding in the layoff," but I believe that it is a vital contribution and a fulfillment of an obligation to one's country. In providing for the conscientious objector classification, the United States has recognized that the consciences of some

people will not allow them to use violence in any form or in any cause.

"Thou shalt not kill" may not "hold water" for some people but it is a very relevant and binding Commandment for me. The Old Testament concept of a militant God has been reinterpreted in the light of love and non-violence expressed by Jesus in the New Testament. Just because war and its misery have always been with us, this does not justify the use of violence or force a Christian to bear arms in violation of his conscience. Did Jesus accomplish his mission to man by killing his enemies?

Country School

Hildreth, Neb.

I have read your editorials on school reorganization with interest. I feel that the consensus of your opinion is that larger schools are the answer in our quest to further the education of our children.

My personal experience has been such that I am inclined to question this. I now have two children attending the University of Nebraska who were educated under all the handicaps — or so thought — of a one-room country school through the eighth grade. They received their high school education at a small but accredited facility.

They say their background has not handicapped them in their studies at the university! My daughter came up with an average of 4.2 her first semester at the School of Nursing, and this is not a "snap" course.

I would some day like to do a study on percentages of small school graduates attaining distinction. We've had what seems to me an unusually large percentage of county spelling contest winners, and eighth grade graduates on the county honor roll, as well as in high school, from this country school.

I myself petitioned to dissolve this particular district 10 years ago and this degree of attainment has been puzzling, to say the least. In casting about for an explanation of this, I have come to wonder if a multi-grade room offers an advantage in that the children are exposed to learning at several grade levels. This comes to mind, as I remember listening with rapt interest to upper-class sessions when a student in a country school myself. Could this be the key? When a child is learning because he wants to, not because he has to, he is much more receptive to what is heard. This is an avenue of thought we might consider.

I might add that we are taxpayers and our average tax levy in this period for educational purposes has been around 20 mills. Mrs. Howard Lienemann

IRA F. ALDRIDGE

They Had A Dream

Ira Frederick Aldridge was an actor of legendary dramatic power who moved not only common people but kings and fellow professionals as well.

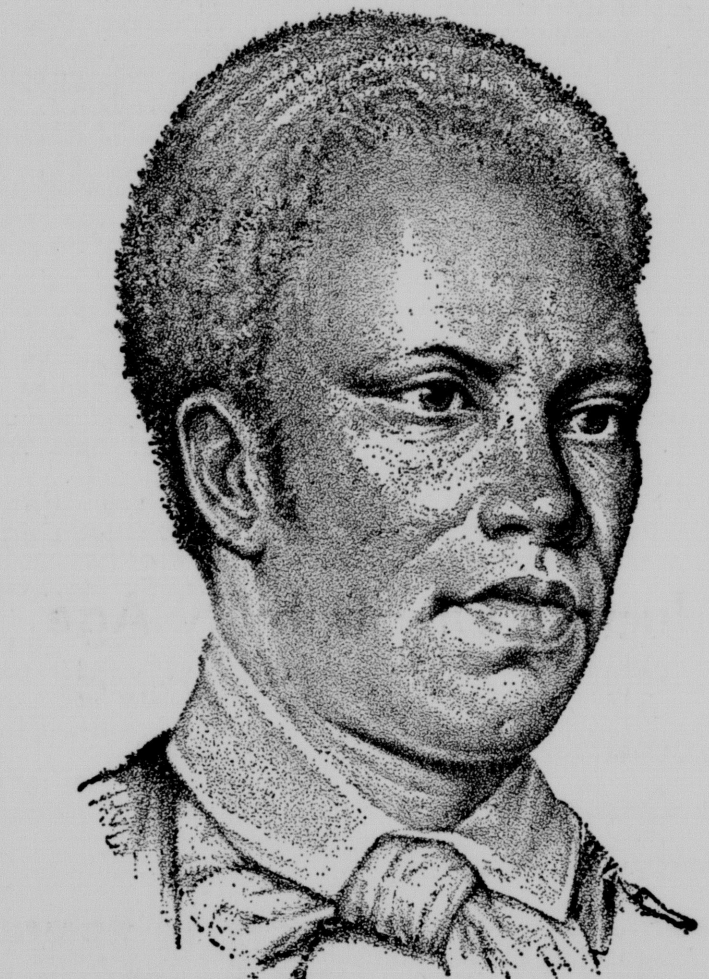

On one occasion, so the story goes, an actress portraying Desdemona was so taken by Aldridge's performance of Othello that she screamed out in real fright.

During the mid-19th century, Aldridge was the toast of the Continent, reigning as a Shakespearean star for 40 years. He was showered with decorations by the crowned heads of Europe, acclaimed by the notables of his day. In his own country, he was practically unknown.

★ ★ ★
Aldridge's origins are obscure, but he probably was born in New York City around 1807. He attended the African Free School there but quit at 16 when his mother died.

He first appeared on the stage at the African Theater in New York, but soon left America for the broader opportunity of the British theater.

Aldridge's first performance abroad was in London in 1825 as Oroonoko, a tragic Negro hero, in a melodrama entitled "The Revolt of Surinam."

During the next eight years he toured the provinces, gaining fame as a Shakespearean actor. In 1833, he returned to London and starred as Othello at the Theatre Royal at Covent Garden, then London's most prestigious house.

Next, Aldridge turned to the Continent, gaining wide acclaim as one of the ablest and most faithful interpreters of Shakespeare. He played a wide range of roles, including Othello, Lear, Macbeth.

The king of Prussia decorated Aldridge with the Order of the Chevalier; the emperor of Austria awarded him the Cross of Leopold. At Berne, he was awarded the Medal of Merit.

The king of Sweden personally invited him to perform in Stockholm. He gave command performances before the rulers of Austria, Germany and czarist Russia.

Aldridge's personal friends were among the notables of the day, persons such as Jenny Lind, the "Swedish Nightingale," and Hans Christian Andersen, of fairy-tale fame.

Renowned actress Helen Modjeska and novelist Alexander Dumas, himself a Negro, were among Aldridge's most avid fans.

Aldridge married an Englishwoman. When she died, he married a Swedish opera star who bore him three children. Still a star at the age of 60, Aldridge was stricken with a lung infection and died at Lodz, Poland, where he is buried.

In 1932, 65 years after Aldridge's death, the Shakespeare Memorial Theatre at Stratford-on-Avon was dedicated. Bronze plates honoring Shakespearean greats of the past were attached to 33 chairs.

One of them bore the inscription: Ira Aldridge. Copyright, 1969, Los Angeles Times

By DON WALTON
Star Staff Writer

Secretary of Agriculture Clifford Hardin Friday told the Nebraska Legislature he has been directly charged by the President to undertake a major effort to "wipe malnutrition completely from this country."

Hardin will push ahead with that task under his authority to distribute food to welfare recipients and through educational efforts mounted by agricultural extension agencies, he said.

"But, if we are to succeed," he said, "it will only come through strong interest at the state and local level," both public and private.

"I hope a number of volunteer groups will take this on as a Number One project," Hardin said.

Structure Exists

The structure is already there, such programs as school lunch and food stamps, the secretary noted.

SECRETARY HARDIN

"And the people are ready for it," Hardin said.

The Nixon administration plans "a very great effort," he promised.

Another major thrust outside the traditional role of the Department of Agriculture will be "development of rural America in all its aspects," Hardin said.

That, he said, includes in-

dustrial and economic development.

The goal is to help develop "prosperous communities with high-level living" in rural America, he noted.

"We will encourage industry to move in and provide employment and training," he said.

Grateful For Support

Hardin, chancellor-on-leave from the University of Nebraska, spoke briefly to the lawmakers, chiefly to convey his appreciation for their support of the university, which formally celebrated its 100th anniversary Friday.

"It's great to be back," the secretary noted.

Hardin also praised Gov. Norbert Tiemann, who presented him to the Legislature, for his efforts on behalf of the university and the state.

With him, Hardin brought a congratulatory letter from President Nixon.

"The contributions of the

University of Nebraska are many — contributions that have led to the well-being of our nation," Nixon wrote.

"Assure the people of Nebraska that we have the highest regard for and confidence in their state university and its future."

Departure From Text

Departing from his brief text, Hardin told senators he has been engaged in the past six weeks in "a total immersion in government and agriculture."

As a member of the President's new Council on Urban Affairs, Hardin said he will coordinate activities of all government programs affecting rural America.

As chairman of a task force on internal migration within the country, he will be charged with finding means not only to "stem the flow" of rural Americans to the large cities, but also to develop "new growth points" for dispersion of population growth.

Detached Units Said Good For Bank Patrons

Gov. Norbert Tiemann Friday said the concept of detached auxiliary banking facilities, chiefly drive-in banks, has been "demonstrated to be good for bank customers."

Pending in the Legislature's Banking, Commerce and Insurance Committee is a proposal from Sen. Terry Carpenter of Scottsbluff which would increase the number of detached auxiliary units which a bank may

operate in various Nebraska cities.

Carpenter offered the proposal as an alternative to branch banking legislation which he also introduced.

Tiemann said he is not actively supporting any of the three branch banking bills.

Not Branch Banking

But the detached facility proposal does not represent branch banking, the governor said.

As a banker himself,

Tiemann said he had "great fear" about original action authorizing establishment of an auxiliary teller facility by banks.

Some bankers feared the move would "open the door to branch banking," the governor noted.

But that cannot really happen as long as the auxiliary units are prohibited from making loans, Tiemann said.

"You can't have branches

unless you can make loans in them," he noted.

Alternate Proposal

Carpenter's alternative proposal would remove the distance limitation on auxiliary teller units, and permit banks—with approval of the state banking director—to establish as many as four such facilities in Omaha, three in Lincoln, two in first class cities, and one in second class cities and villages.

That proposal, along with the branch banking bills, is opposed by the Nebraska Bankers Assn.

On other legislative matters raised at his weekly news conference, Tiemann said:

—He will continue to take "a no comment stand" on proposed legislation offering a constitutional amendment to change most state elective offices to appointive positions. If the bill is approved by 30 senators, it will go to the people for determination.

—The Legislature should consider future annual sessions with a time limitation.

Lower Minimum Age For Jurors OK'd

Persons as young as 21 would become eligible to serve on juries in Nebraska under a bill given 39-9 final approval in the Legislature Friday.

Omaha Sens. Sam Klaver and George Syas sponsored the measure, LB169, reducing from 25 to 21 the minimum age for jurors. Because the bill carries the emergency clause, it will become effective immediately on the signature of Gov. Norbert T. Tiemann.

Another of the 12 bills passed Friday, LB160, makes it illegal to pretend to be deaf or dumb for purposes of soliciting donations. Sen. Willard Waldo of DeWitt sponsored the bill, which pro-

vides penalties of up to 30 days in jail and fines of up to \$100 for violators.

The list of bills passed, with introducer and approving votes Emergency clause):

LB145 (Judiciary Committee) — Spelling out how revision of statutes shall cooperate with the Legislative Council. 39-9.

LB146 (Judiciary) — Harmonizing provisions of law related to probate of wills. 40-0.

LB147 (Judiciary) — Harmonizing provisions of law related to personal property. 41-0.

LB148 (Judiciary) — Harmonizing provisions of law related to civil procedure. 40-0.

LB149 (Judiciary) — Harmonizing provisions of law related to criminal procedure. 40-0.

LB150 (Carpenter) — Providing that the tax commissioner shall prescribe forms, rather than furnish forms, for personal property tax listing and assessment. 36-0.

LB151 (Carpenter) — Repealing obsolete sections of law providing for state property tax levy. 36-0.

LB152 (Judiciary) — Reallocating the distribution of statutes, session laws and journals. 39-0.

LB153 (Waldo) — Making it unlawful to pretend to be deaf and dumb for purpose of soliciting donations. 38-0.

LB169 (Klaver, Syas) — Reducing from

25 to 21 the minimum age for jurors. (E)

LB213 (Moulton, Moyle, Skarda, Mahoney) — Authorizing Omaha Metropolitan Utilities District to borrow money and incur indebtedness upon such terms as it shall determine. (E) 40-0.

LB214 (Moulton, Moyle, Skarda, Mahoney) — Eliminating Omaha Metropolitan Utilities District from the requirement that bonds be redeemable. (E) 40-0.

Reduction Of Eligibility Age For Kindergarten Proposed

Legislation which would authorize public schools to admit four-year-old children to kindergarten was presented to the Unicameral Friday.

The bill, LB1195, was one of just eight new measures introduced on the Legislature's 29th day. The next new bill will take the 1969 session over the 1,200 mark.

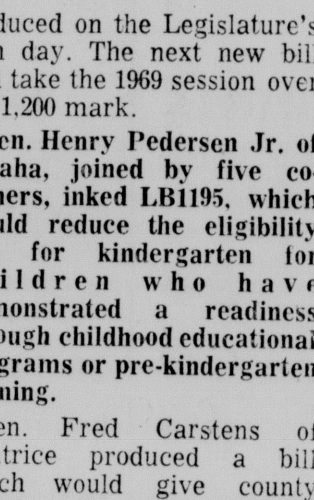

Sen. Henry Pedersen Jr. of Omaha, joined by five co-signers, inked LB1195, which would reduce the eligibility age for kindergarten for children who have demonstrated a readiness through childhood educational programs or pre-kindergarten training.

Sen. Fred Carstens of Beatrice produced a bill which would give county boards the authority to restrict weight limitations on vehicles traveling upon county roads.

Under the bill, LB1194, restrictions could be imposed when necessary "to protect such roads from damage when road subgrades or pavements are weak, or are weakened by climatic conditions."

Sen. Fern Hubbard Orme of Lincoln sponsored a bill which would tighten the clamp on drinking drivers.

Her proposal, LB1197, would reduce by one-third (to one-tenth of a per cent) the amount of alcohol which may be found in the blood before presuming drunken driving.

Resolution Urging ICC To Continue Trains Is Passed

The Nebraska Legislature passed a resolution Friday urging the Burlington Railroad not to discontinue two passenger train routes between Billings, Mont., and Omaha.

The Interstate Commerce Commission (ICC) has ruled the railroad can discontinue the routes and the decision is being challenged in the courts.

Chief sponsor of the resolution was State Sen. J. James Waldron of Callaway, who said the two trains are needed badly in Nebraska, particularly in rural areas.

Copies of the resolution will be sent to Nebraska's congressional delegation, the secretary of transportation and the ICC.

Chamber Urges Parking Program

Nebraska City (UPI) — The Nebraska City Planning Commission has been requested to recommend an off-street parking program financed by revenue bonds.

Representatives of the chamber's task force parking committee outlined a proposal to purchase property, raze buildings, surface and install parking meters.

They said the city is short approximately 450 parking spaces.

Legislative Bills Introduced

By Associated Press

LB1192 (Swanson) — Providing that state welfare director shall administer services to medically indigent persons.

LB1193 (Swanson) — Providing for a bond on equipment sold on contract to government, and providing procedures for recovery on such bond.

LB1194 (Carstens) — Authorizing county boards to place weight limitations on vehicles operating on county roads.

LB1195 (Pedersen, Luedtke, Orme, Ziebarth, Waldron, Whitely) — Reducing the minimum age for entry of children into first grade and kindergarten.

LB1196 (Orme) — Making it a misdemeanor to violate the laws requiring license and protective headgear for operators of motorcycles.

LB1197 (Orme) — Revising the standard for intoxication under implied consent law by reducing from .15 to .10 of 1% the weight of alcohol in body fluid considered to be intoxicating.

LB1198 (Orme) — Revising composition of the board for the registration of sanitarians and variously revising law related to fees, expenses and funding.

LB1199 (Orme) — Eliminating urine testing as an alternative in testing of newborn infants for metabolic disease.

LIFE BEGINS AT FORTY:

Nephew Shouldn't Expect Call From Nixon

By ROBERT PETERSON

Q. — "We're retired and last December were astonished to get a personal letter from Nixon asking us to recommend outstanding men to help him in Washington. We replied with a long letter recommending our nephew Harry who has had two years of college, leads the choir at church, and runs his own dry cleaning plant. We think he's the smartest fellow around. Harry is ready and willing to go, but Nixon has never replied — either to us or to Harry. What should we do now?"

A. — Don't hold your breath waiting. I'm told the Nixon office sent out 850,000 of those letters to folks whose names were taken from various lists. Apparently it was more of a bid for goodwill than a serious attempt to recruit government personnel. Tell your nephew his recommendation is on file but not to expect any urgent calls. Encourage him to settle back and savor the good life he enjoys far from the political polemics on the Potomac.

Q. — "I'm 67, two years retired from the postal service, and have always thought I'd like to run a small haberdashery for men, carrying such items as hats, shirts, and ties. How does one get started? Do I just rent a store building, line up suppliers, put an ad in the paper, and wait for customers?"

A. — Wait a minute. Nobody should start a shop without several months of experience under his belt. Your best bet is to find a job with a local haberdashery. Offer to work for nothing if necessary. Spend at least a year getting acquainted with the business aspects. The easiest way for a retiree to lose his shirt is to sink his savings into a vocation he

has dreamed about but never tackled in real life.

☆☆☆

Q. — "My husband and I are in our late 60's and bored with retirement. He used to be in real estate but my only experience is in home decorating. Can you suggest an avocation which might interest us and help supplement our pension?"

A. — Sure. How about buying old houses, restoring and redecorating them, and selling them at a profit. With your combined real estate and decorating experience, such a project might be right up your alley.

If you would like a booklet, "Tips on Stretching Retirement Income," write to Robert Peterson, c/o Dispatch Letter Service, 25 W. 45th St., New York, N.Y. 10036, enclosing a stamped, self-addressed envelope and 10 cents to cover handling costs.

Supreme Court: Infection Not Proof Of Negligence

By Associated Press
A hospital cannot automatically be adjudged guilty of negligence just because an infection develops in the surgical wound of a patient at the hospital, the State Supreme Court held Friday.
The opinion affirmed the Douglas County District Court in granting a summary judgment to St. Joseph's Hospital of Omaha in a suit brought against the hospital by Frances McCall, who developed a staphylococcus infection in the wound after a herniated disc operation in 1963.
Involved in the appeal was the question of "res ipsa loquitur," the doctrine that the facts speak for themselves, or in the current case, that the fact of infection automatically bespeaks negligence.
"It seems obvious," wrote Chief Justice Paul White in a majority opinion, "that an infection at the surgical site would not be so palpably negligent that it would re-

Court: Right To Jury Trial Doesn't Cover School Case

The State Supreme Court held Friday that the common law right to trial by jury does not cover a school reorganization dispute.
The position was taken in an opinion affirming the judgment of the Platte County District Court in approving a merger of three elementary school districts in Colfax, Platte and Stanton Counties with the Leigh School District No. 39 in Colfax County.
At a hearing before the county superintendents of the three counties involved, the merger petitions were granted and the merger was ordered. On appeal, the Platte County District Court sustained the action taken by the three

Meet Star Carrier Loring Fenn

There is nothing like a paper route to give a boy some early business experience, according to Loring Fenn.

As manager of a growing route for The Lincoln Star, Loring has received many compliments for his prompt and careful service and his earnings have grown considerably.

Even a broken leg did not keep Loring from making sure that his customers would receive their papers on time. With the help of two friends, the service on his route continued as usual.

A student at Millard Lefler Junior High School, the young Lincolnite manages to maintain a two grade average while still finding time to play on his church's basketball team and to participate in the Boy Scout program.

Loring's plans for the coming summer include a week at a church camp and a tour through Nebraska with his Scout troop.

As to the future, Loring plans to attend college and major in some computer-connected field.

His parents, Mr. and Mrs. Arthur Fenn, say the paper

Skid Row Hotel Resident Faces Murder Charge

Los Angeles (UPI) — A resident of a skid row hotel was charged with the murder of the teen-aged son of television producer Stirling Silliphant.

Otis Holley Hornes Jr., 38, who had a prior record of narcotics arrests, was picked up shortly after midnight at the downtown hotel where he lived.

He was booked on suspicion of the murder of Loren Silliphant, 18, who was shot to death in his Hollywood apartment when he told an intruder he had no heroin for sale.

Consumer Affairs Said Downgraded

Washington (UPI) — Sen. Harrison A. Williams Jr., D-N.J., charged that the appointment of Willie Mae Rogers as a part-time consultant indicates the Nixon administration is downgrading consumer problems.

Miss Rogers, head of Good Housekeeping magazine's "Seal of Approval" institute, was named by Nixon as his consumer affairs adviser. She said she will continue as head of the Good Housekeeping Institute.

Church Attendance BUILDS CHARACTER

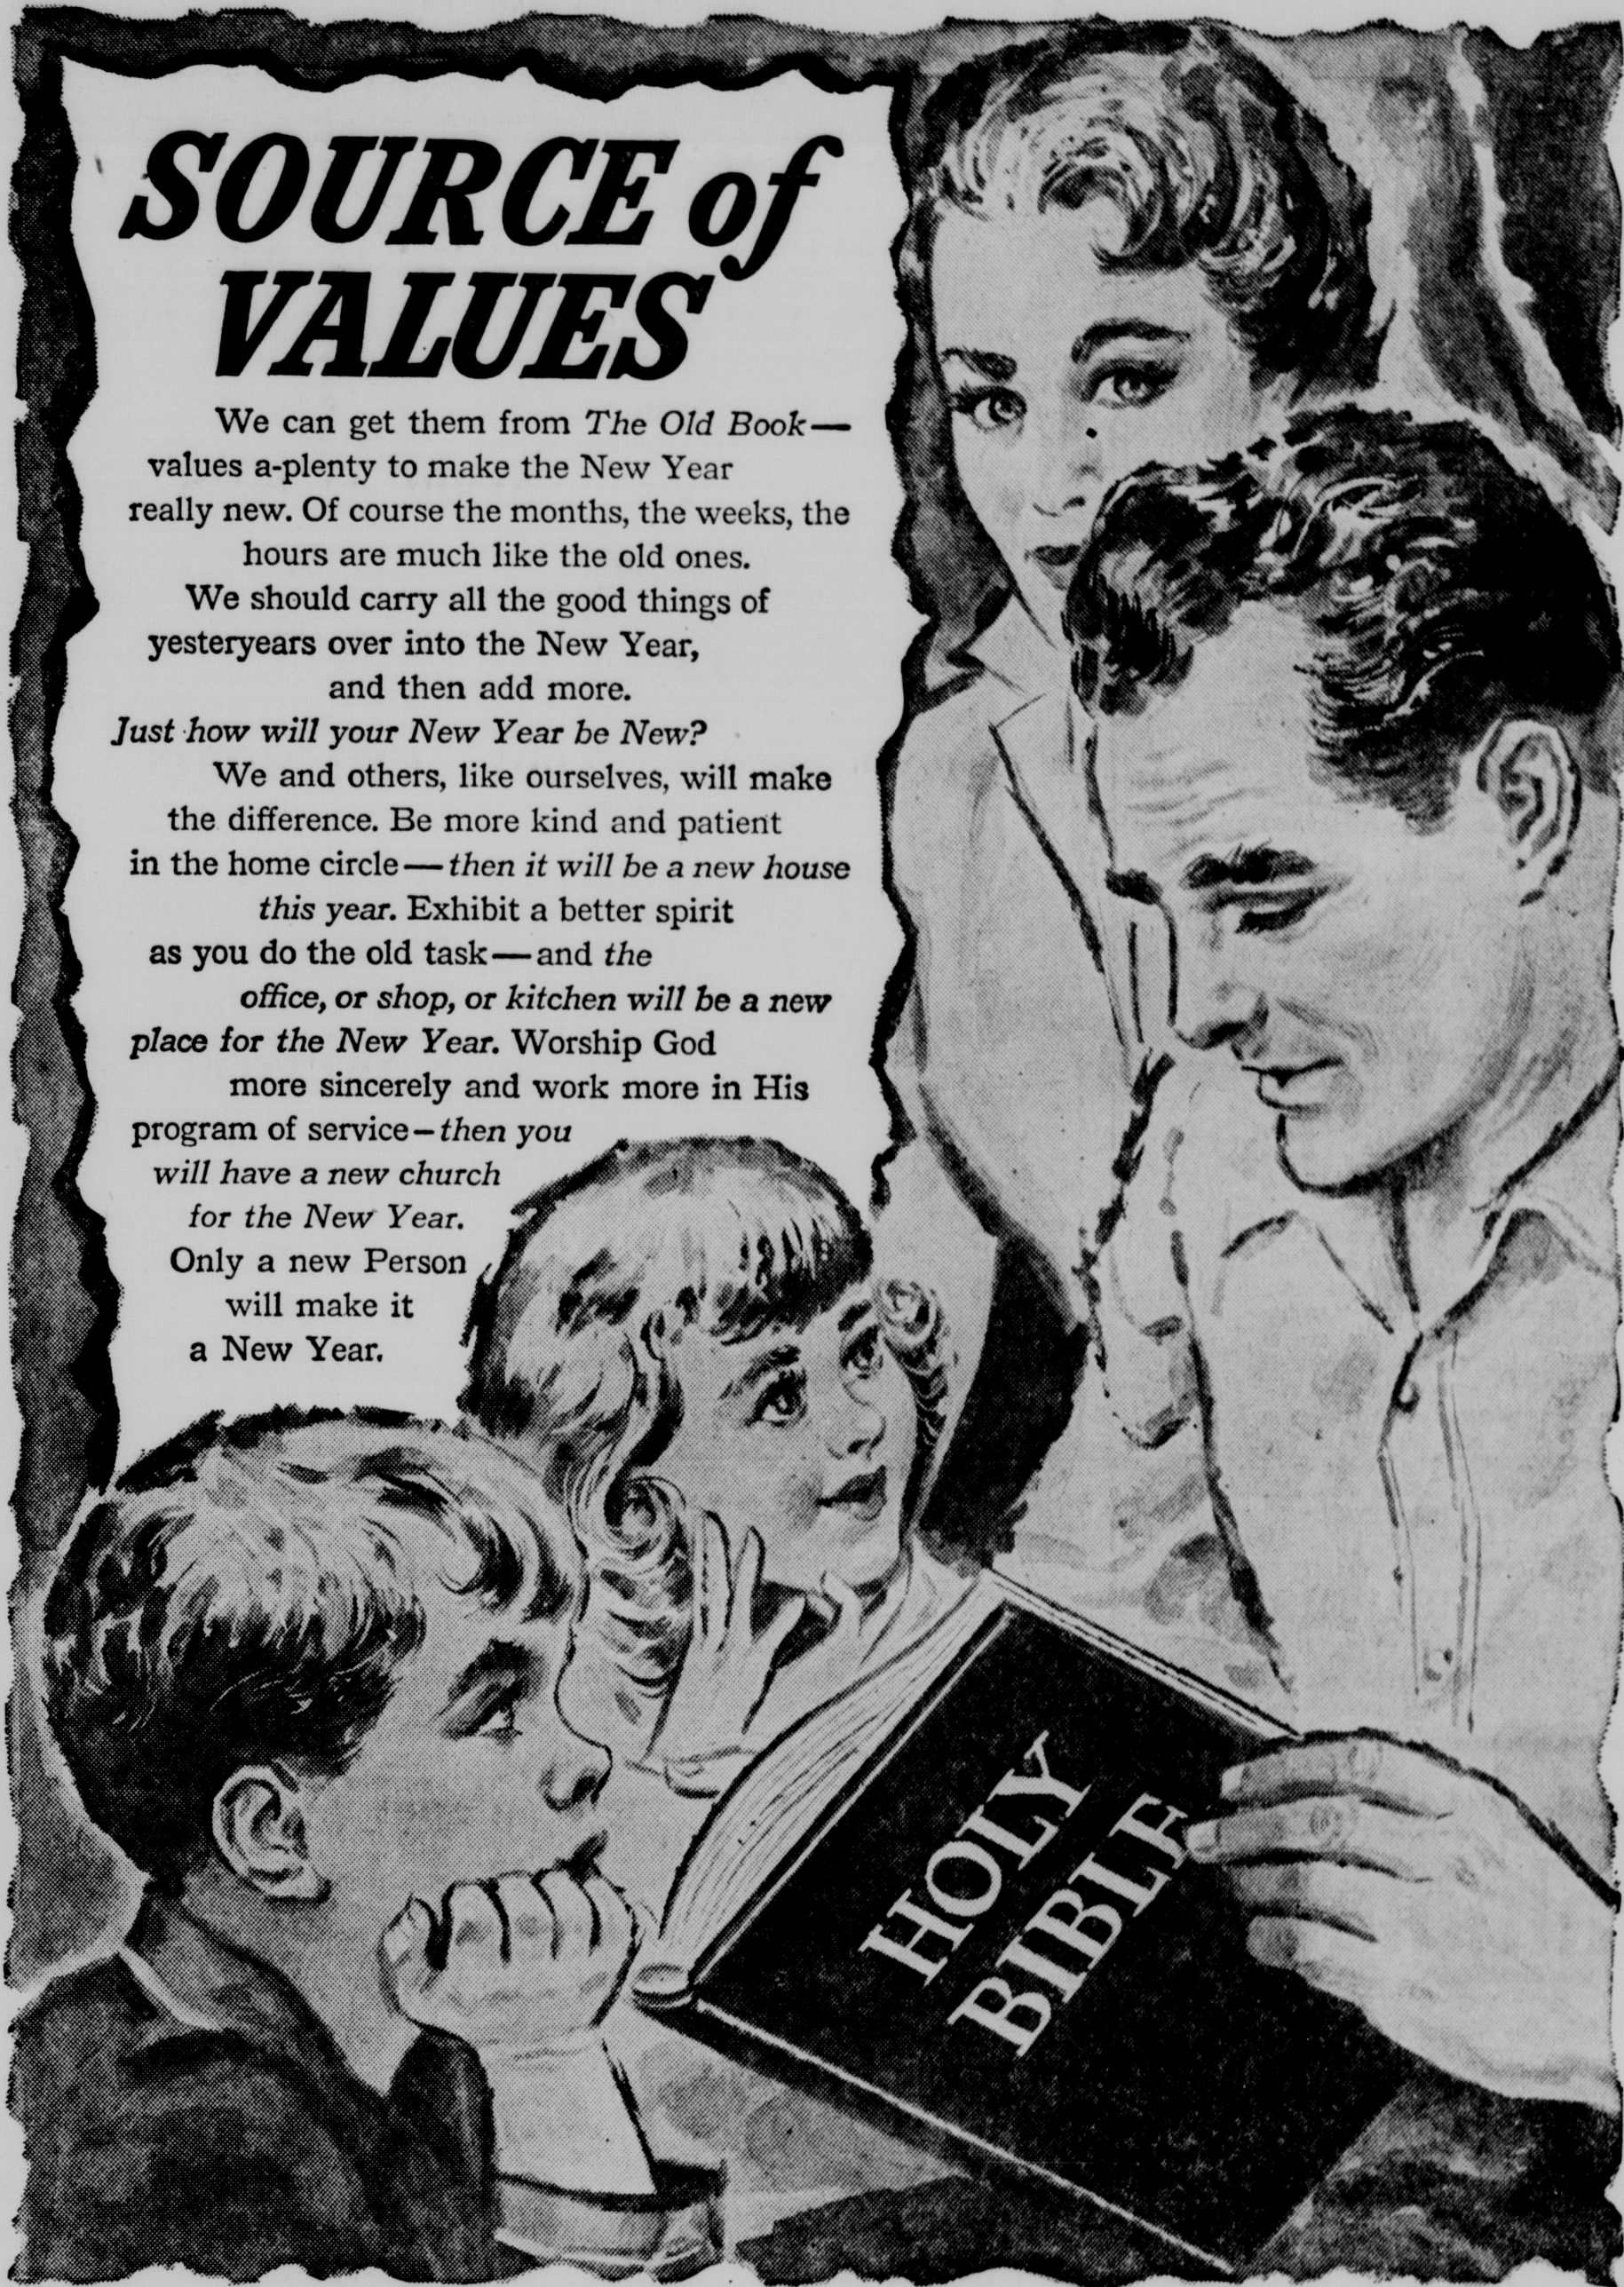

SOURCE of VALUES

We can get them from *The Old Book*—values a-plenty to make the New Year really new. Of course the months, the weeks, the hours are much like the old ones. We should carry all the good things of yesteryears over into the New Year, and then add more.

Just how will your New Year be New?

We and others, like ourselves, will make the difference. Be more kind and patient in the home circle—*then it will be a new house this year.* Exhibit a better spirit as you do the old task—and *the office, or shop, or kitchen will be a new place for the New Year.* Worship God more sincerely and work more in His program of service—*then you will have a new church for the New Year.* Only a new Person will make it a New Year.

NU Coed Is Bride

Lighted white candles in hurricane shades appointed the chancel of St. Mark's-On-The-Campus, Episcopal, for the Friday evening, Feb. 14, wedding of Miss Linda Sue Olmstead, daughter of Mrs. Jeanne Olmstead, and of Robert Olmstead of Scottsbluff, and Robert Alan Wagner, son of Mr. and Mrs. Carleton Wagner of Erie, Pa. The 7:30 o'clock service was solemnized by the Rev. Ronald Wiley.

Frocked in wedgewood blue velvet and pastel blue crepe were Miss Ann O'Connor, the maid of honor, and the bridesmaids, Miss Janie Johnson, Ft. Collins, Colo., Miss Vicki Kimberlin, Miss Patricia Morrow and Miss Vicki Umberger.

Gerald Rise of Erie, Pa., served as best man, and the corps of ushers included Mr. Wagner's brothers, David Wagner, Erie, Pa., Carleton Wagner, Shaker Heights, Ohio; Roger Leitner, Gary Gray and James Killips, Omaha; and the bride's brothers, Michael Olmstead and Joseph Olmstead.

Fashioned with a dirndl skirt and snug vest of ribbed, delustered satin in traditional white, the bride's gown was completed by a full-sleeved bodice of satin, closed to the high throatline by a row of tiny satin buttons. Her floor-length veil of illusion was held by a bonnet-brim of satin.

Mr. and Mrs. Wagner will reside in Lincoln, where both are seniors at the University of Nebraska. The bride is a member of Kappa Alpha Theta, and Mr. Wagner's fraternity is Phi Delta Theta.

AROUND THE TOWN

We have things to tell you this morning and we'll begin with Mr. and Mrs. Walter W. White—

Mr. and Mrs. White returned home earlier this week from Palm Desert, Calif., where snow, ice and freezing rain were conspicuous by their absence. But the warm, sunny clime of Palm Desert wasn't the only attraction — Mr. and Mrs. White were among the spectators at the Bob Hope Golf Classic held last week and viewed via the tube, by golf fans throughout the country. The proceeds from the Classic, of course, went to various charities.

If you turn to page 91 in the February Reader's Digest you will find this:

"Actor David Doyle was riding in a New York cab when it stopped at a red light. At the curb was a Volkswagen covered with flower stickers — daisies, asters, petunias, etc. The hood was up and a bearded, bearded hippie was lifting out the jack. There was a terrible frown on his face. The cabbie rolled down his window and advised: 'Don't be mad. Make love to it.'"

And that brings us to the "Love-In" planned for Saturday evening at Hotel Lincoln. "Love-In", of course, is the party theme chosen by the Stardusters Club for its dinner-dance.

Guest couples at the affair will be Mr. and Mrs. Al Hildenbrand and Mr. and Mrs. Keith Hatfield.

MISS CAROL LYNN SENFF

This morning Mr. and Mrs. C. Garland Senff of York made announcement of the engagement of their daughter, Carol Lynn, to Donald E. Knop of Lincoln, son of Everett Knop of Malvern, Iowa.

Saturday, June 7, has been named as the date of the wedding.

Miss Senff is a junior at the University of Nebraska where she is a member of of Nebraska where she is a member of Alpha Lambda Delta honorary. She also is a member of Beta Sigma Phi.

Mr. Knop is a graduate of the Nebraska Vocational Technical School at Milford.

New Starduster members are Mr. and Mrs. Peter Marting.

And over at Hotel Cornhusker on Saturday evening the members of the Saturday Night Club will be having their "candlelight Fantasy" dinner-dance.

Arranging the details of the party is a committee composed of Mr. and Mrs. L. R. Lichtenberg, chairmen; Mr. and Mrs. O. M. Anderson, Mr. and Mrs. Boyd MacDougall, Mr. and Mrs. James Raglin Dr. and Mrs. E. R. Hinrichs and Col. and Mrs. Art Yost.

The bidding:
Opening lead — six of clubs.

Just as declarer's first consideration must be to make the contract, a defender's first consideration must be to beat the contract. In attempting to meet this objective, a keen defender will make any and all assumptions that may be necessary for defeat of the contract.

Consider this deal where West leads the six of clubs, on which East plays the king and South the queen. There is no way for East to know at this point whether West or South has the missing four of clubs.

Declarer's queen play may be on the level — that is, he may have only the singleton queen — or it may be a deliberate false-card designed to persuade East that West has the missing four.

East must make a decision at this point, and he should assume that South has the four because otherwise the contract cannot be beaten. To concede declarer the singleton queen of clubs would be equivalent to conceding the contract.

So East returns the eight of clubs at trick two, hoping his partner will ruff. (Note that East returns the highest club he can spare so that, if West ruffs, he will lead back the highest suit, spades.)

West obliges on both scores by ruffing the club and returning a spade to East's ace. This is the third trick for the defense. When East now leads another low club, South is ready to be carted off to the hospital. Sooner or later he must lose a diamond to go down one.

Don't miss it. News of friends on vacation, marriages, engagements, parties, P.T.A. notes and club meetings makes good reading in the family section of "Sunday Journal and Star."

We're prepared to supply you with all that you need to be sure your family stays healthy. Vitamins, drugs, sundries.

Chapel Wedding

The marriage of Dorothy McMichael of Lincoln, daughter of Dr. and Mrs. William F. Chollar of Manhattan, Kan., and Thomas R. Henderson, son of Mr. and Mrs. Gay T. Henderson, was solemnized Friday evening, Feb. 14, in the chapel of Calvary United Methodist Church.

As her sister's maid of honor, Miss Barbara Chollar wore an afternoon frock in mint green.

Richard Henderson served his brother as best man, and the groomsmen were John Chollar, brother of the bride, and Cal Goering.

For her wedding, the bride chose white lace smoothed over pastel yellow satin fashioned in the daytime length.

Mr. and Mrs. Henderson, both former students at the University of Nebraska, will live at 3015 No. 61st. The bridegroom is a sports writer for The Lincoln Star.

MISS JOLENE EDEN

Announcement is made this morning by Mr. and Mrs. Carl J. Eden of the engagement of their daughter, Jolene, to John Walker, son of Mr. and Mrs. Delbert Walker.

The wedding is planned for Saturday, June 21.

Miss Eden will be graduated in June from the University of Nebraska.

Friday Ceremony

The candlelight wedding of Miss Janice Kay Grenemeier, daughter of Mr. and Mrs. Henry Grenemeier, and Jeffery Lynn Ditzler, son of Mr. and Mrs. Donald Ditzler, took place Friday evening, Feb. 14, at Immanuel Lutheran Church. The lines of the 7:30 o'clock ceremony were read by the Rev. Robert E. Tewes, and Mrs. Ruth Ernstmeier, organist, played the wedding music and accompanied Mrs. Penney Filbert, the vocal soloist.

Miss Jelena Becker, the maid of honor, and the bridesmaids, Miss Helen Musseman, Ohio, and Miss Nancy Grenemeier, wore slim, floor-length frocks of royal blue velvet and carried nosegays of pink carnations frilled with white lace.

Serving Mr. Ditzler as best man was Greg Brown of Sidney, and seating the guests were Jerry Grenemeier of Rockford, Ill., Douglas Novak, Jack Ditzler and Larry Grenemeier.

The bride appeared in a gown of handclipped, white Chantilly lace over satin. Fashioned in the skimmer silhouette, the gown was designed with a crescent neckline and long, fitted sleeves, and was complemented by a court train of the lace extending to cotillion length. A tiara of jeweled lace petals held her illusion veil, and she carried a cascade of white carnations and pink roses.

Mr. Ditzler and his bride will make their home at 1444 So. 19th. The bridegroom will be a June graduate of Nebraska Technical School at Milford.

ABBY

DEAR ABBY: Please help me before I lose my mind. I am 34 and Doug is 39. We have three children and a nice home, but I am BORED. Doug never wants to go anywhere. He's happy just staying at home. He never wants to have anyone in either. We have no friends. I have no family here, and neither has he.

I am a good housekeeper and a very good cook. (Even Doug says so.) I have plenty of work to do at home and don't need an outside job.

This boredom is driving me nuts. Doug says all he does is go to work and it's not driving HIM nuts.

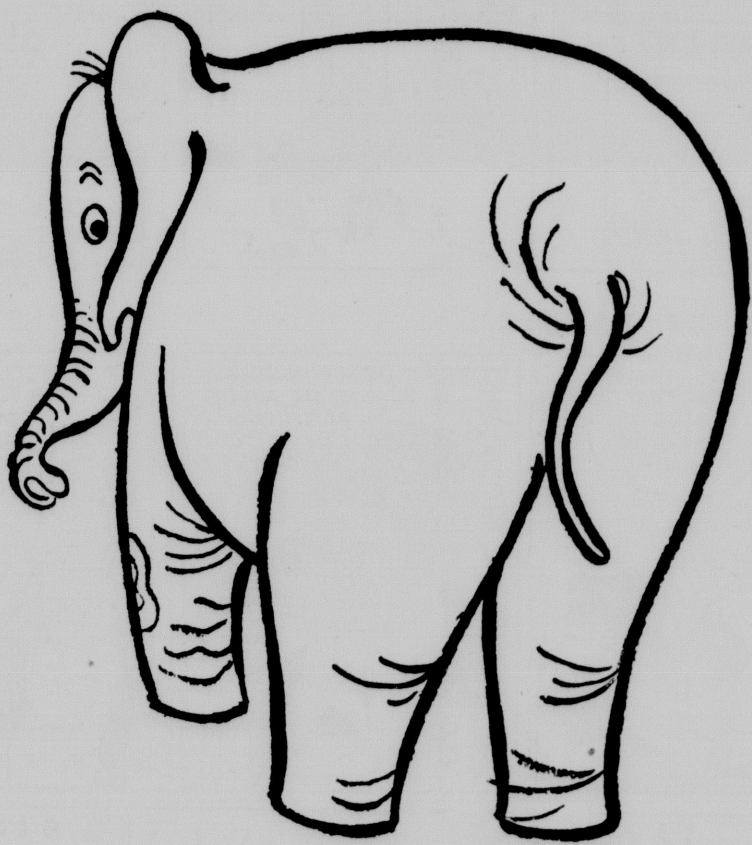

Doug wasn't this way when I married him. He's also lost all his desire to make love to me, but it doesn't seem to bother him. Maybe he's ready to shrivel up and die, but I'm not. Help me. Believe it or not, I love the guy.

DEAR BORED: If Doug wasn't "that way" when you married him, obviously something has happened to him. If you love the guy, get him to a doctor. If it's physical, he can be helped. If it's mental, he can also be helped — but it may take a little longer. Whatever you do, don't continue to wallow in self-pity, seethe with resentment, and vegetate with boredom.

CONFIDENTIAL TO "A LOVING, BUT WEARY SOUL:" I can only repeat one of my favorite quotes from Mark Twain: "It takes a friend and enemy to hurt you to the quick. The enemy to malign you — and the 'friend' to get the news to you."

DEAR ABBY: That man who hasn't come near his wife since her hysterectomy because he finds the scar "repulsive," ought to be ashamed of himself.

My wife also has a scar on her body. But you know, Abby, I'm glad it's there because every time I see that scar it reminds me that if she didn't have the operation, she wouldn't be alive today. Sign me "NO COMPLAINTS"

Lincoln East, trailing both Lincoln High and Lincoln Southeast until the end, splashed to a thrilling win in the final event to claim the Trans-Nebraska swimming and diving championships at the East pool Friday night.

The Spartans had 74 points to edge the Links by a single counter. Lincoln High's 73 nosed out Southeast, which finished third with 70.

Four new league records

were set and another was tied. East's Joe Arkfeld surpassed the best ever in the 200-yard individual medley with a 2:08.8. Southeast's Greg Shaw clipped two seconds off the previous record in the 100-yard butterfly by churning the distance in :56.3. Lincoln High's Spencer Luedke was timed in 1:01.3 for the 100-yard freestyle to set another new record, and then came back one event later to set another new standard in the 400-yard event at 4:09.3. Southeast's Gale Cooper

equalled the 50-yard freestyle mark with a :23.5.

Southeast led most of the way. After eight events the Knights led Lincoln High by seven, East by eight. But Luedke's second win in the 400 closed the gap and when Southeast was blanked in the 100-yard breaststroke East pulled into a tie with the Knights and Lincoln High jumped out in front by five points on the strength of a third and fifth place finish.

Lincoln High needed a second in the final relay to hold off the two challengers, but the Spartans captured the event and the meet when Southeast finished second with the Links third.

LNE Squeaks By Beatrice

Beatrice — No. 1-rated Lincoln Northeast had its third narrow squeak of the season Friday night, 55-53 over the Beatrice Orangemen to stay undefeated.

The victory raises the Rockets' record to 13-0. The Beatrice game, coupled with two and one-point victories over Lincoln High, are Northeast's closest shaves of the season.

Maury Damkroger hit the winning bucket Friday night for the Rockets, canning a shot underneath the basket with five seconds left to snap a 53-all tie. Beatrice had tied the game with 15 seconds to go.

The biggest lead by either team was five points, by Beatrice, with Northeast holding a four-point margin in the fourth quarter of the nip-and-tuck contest.

Three Lincoln schools — Lincoln High, Southeast and East — dominated the opening action Friday in the Class A-1 District Wrestling Tournament on the Lincoln High mat.

Action at Johnson Gym today begins with the semifinals at 1 p.m., and the finals slated for 7 p.m.

After the first round, Lincoln High has 13 points and 10 men going into the semis; Southeast has 13 points and eight men and East 12 points and nine men.

Lincoln Northeast, Beatrice and Fremont have six men apiece in the semis, with Columbus three and Norfolk none.

The first three finishers in each of the 12 weight classes qualify for next week's state tournament at the University of Nebraska.

Biggest upset of the day Friday was in the 103-pound division, where Kevin Puderbaugh of Lincoln East, who was unseeded, upset top-seeded Jerry Primm of Fremont, 8-6.

Another Fremont grappler, however, did all right in his opening test. Lee Hall, undefeated 175-pounder and voted Most Valuable Wrestler in the Big Ten Tournament last weekend, won a 12-1 decision.

There were 19 victories on falls, with the fastest pins going to a pair of Lincoln High grapplers, Bob Nimic (133 pounds) in 36 seconds and Tom Simpson (154) in 42 seconds.

Two Lincoln East matmen now have perfect season records at 19-0. John Lowe drawing a bye at 95 pounds and Len Dickinson a 16-1 winner at 145.

Five Lincoln Boxers Make Semis In Midwest Tourney

. . . OLDFIELD SCORES FIRST-ROUND KO

By HAL BROWN
Star Sports Writer

Omaha — Dave Oldfield scored a first round knockout to lead a contingent of five Lincoln fighters into tonight's semi-finals of the Midwest Golden Gloves Tournament at the Civic Auditorium here.

Oldfield knocked Scottsbluff's Charles Escamilla down three times in the first round before referee Gene Buzzello stopped it after the third knockdown in 1:23 of the first round.

Oldfield floored Escamilla first with a right hand, then dropped him twice more with left hooks in their 132-pound bout.

Oldfield, who moved up to 132 after winning the 125-pound title in Lincoln, will face Bob Durst of South Dakota in tonight's semi-finals that get under way at 7:30 p.m. Durst drew a bye in Friday's night's preliminary.

Oldfield is joined in the semis by Lincoln teammates Ed Jenkins at 139, Tony Drake at 147, Russ Blank at 156, and Gene Trouba at 178.

Jenkins used a left jab effectively to bloody Scottsbluff's Darrell Neu's nose in pounding out an easy decision.

Tipoff: 7:35 p.m.	NU Coliseum.

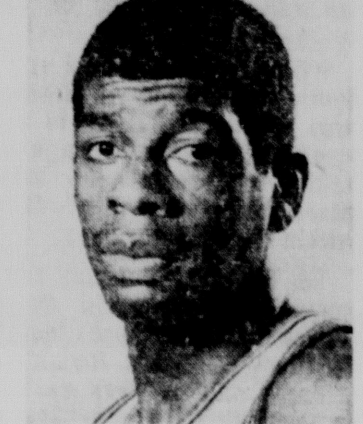

Basketball fans are assured a full evening of entertainment tonight when the Nebraska Cornhuskers host Iowa State at the Husker Coliseum. Tipoff is 7:35 p.m.

So intense is the Cyclone-Cornhusker rivalry that they've got a string of overtimes going.

In their final meeting last year (in Lincoln), Iowa State edged Nebraska, 93-92, in overtime. And in their first meeting this season (at Ames last month), the Cyclones pulled out a 97-93 victory in overtime.

"We'd love to be able to beat them in regulation time, but we're preparing to be ready for overtime — just in case," said coach Joe Cipriano.

A special highlight of tonight's sports bash at the Coliseum will be the halftime appearance of the Americare Steppettes of Des Moines, Iowa. This precision marching group debuted at the

LEROY CHALK

Coliseum last year and is returning by popular demand.

Nebraska will be trying to snap a two-game loss string on the road. They fell 83-81 to league-leading Colorado at Boulder and then were socked 79-60 by Missouri at Columbia Tuesday night.

The Huskers have a 9-11 season record and they're 2-6 in the Big Eight. Iowa State is 4-5 in the loop and 11-10 for the year.

Nebraska's Frosh host Iowa State in a preliminary game, starting at 5:15 p.m.

—OLD TRACK RIVALRY—

Huskers Gird For Colorado

One of the Midlands' colorful track and field rivalries renews at Nebraska's Memorial Stadium today as the Huskers host Colorado with field events starting at 1:30 and track events at 2 p.m.

And that 2 p.m., opener may well be the dandy of the day.

Husker miler Greg Carlberg, Omaha sophomore, has twice blistered the Stadium's indoor track during the young season. He set a school and Stadium record in the 1969 opener by skipping the seven laps in a spectacular (for the NU track) 4:10.7. Last week against Kansas State he again was brilliant in posting a 4:11.5.

Carlberg will get quality competition this week from Buff Craig Runyan. Last year at Boulder Runyan set records in the mile (4:16.8) and the two-mile (9:21.1) and he's running at full throttle this winter. He's already recorded a 4:11 mile and a 9:06 two-mile.

There should be plenty of other excitement in the meet as the Huskers go for their third straight victory.

N. S. Hurd is a record threat in the long jump, but he'll get pushed by Buifs Bill Aeschlimann and T. S. Hicks. Hurd scratched at 24-6 last week before winning with 23-11.

In the pole vault, Colorado has three men over 15 feet so far this year, and Mark

GREG CARLBERG

Timon is a 6-8 high-jumper. There should be great competition in the middle distance races with Buifs Paul Edstrom and Dan Peterson tangling with Huskers like Big Eight half-mile champ Dan Morran, Carlberg, Garth Case, Clifton Forbes, Pete Brang and Mike Randall.

. . . OLDFIELD SCORES FIRST-ROUND KO

By CLEM TUCKER of Omaha, who drew a bye Friday night.

Drake, bidding for a third trip to the national Golden Gloves, had little trouble in winning a decision from Gary Bauer of Norfolk to move in the semifinals against Gerald Hunt of Grand Island, who drew a bye Friday night.

Blank and Trouba both drew byes into tonight's semifinals with Blank set to go against Pedro Bissonette of Scottsbluff and Trouba matched against Cecilio Navarro of Scottsbluff.

Bissonette and Navarro both also drew byes Friday night.

Lincoln's other three fighters were eliminated in first round bouts Friday night.

Mike Cline lost a decision to Randy Downey of South Dakota in their 112-pound bout and Downey later moved into the finals with a semi-final victory.

Doug Emery, fighting as a substitute on the Lincoln team at 119-pounds, drew a tough foe for the third fight of his career.

The courageous Emery was stopped by a TKO in the second round by three-time Midwest Golden Gloves champion Tom Cisneros of Scottsbluff. Emery took a standing

eight-count in the first round and another in the second before Cisneros finally dropped him to the canvas and referee Bill Engel stopped the bout.

Lincoln heavyweight Frank Quinn was a TKO victim of John Tuitama of South Dakota by way of Hawaii in 59 seconds of the third round.

Washington Angles Club Stock As Added Lure For Williams

Washington (AP) — Ted Williams, baseball's greatest living hitter, is headed back into the sport as part-owner as well as manager of the Washington Senators.

Williams, the stormy-tempered bad boy of Boston, was preparing Friday to accept a rich stock package in taking charge of the last-place American League Club within the next few days.

The Senators' amazing coup sent out sports-world shock waves matching those created by the Washington Redskins' triumph only a week earlier in grabbing Green Bay's Vince Lombardi as coach and part-owner also of the pro football club.

The Senators' new owner, Robert Short confirmed Williams had been offered options on a significant block of stock and said, "Ted will be my partner."

But Short said the long-range contract still is being worked out and no final agreement has been reached.

In Miami, Fla., Williams said, "To be honest, I haven't signed a contract yet, but we're awfully close to agreeing on things."

He added, "There are just a few technicalities, some things to be resolved by the lawyers."

Williams said the contract would be a long-term pact.

He said, "The money is certainly a part of my decision, but I can't deny I love baseball. And besides, I've been sitting around doing very little for eight years except fishing."

Williams, who once said, "You couldn't pay me enough to manage," called Short's bid "the most fantastic offer I've ever received."

The Senators' feat, coupled with the Lombardi move, will bring the Nation's Capital two of the most storied and stormiest personalities in sports.

Williams will be taking over a baseball team that hasn't finished in the first division since 1946 and hasn't won a pennant in more than a third of a century. The Capital hasn't had a major league winning season of any kind in more than a dozen years.

The terrible-tempered Ted hung a "gone fishing" sign over his spikes and retired to

Davenport Runs 50-Meter Hurdles In Record Time

Toronto (AP) — Willie Davenport, Baton Rouge, La., set a world indoor record of 5.8 in winning the 50 meter hurdles Friday night in the Toronto Telegram-Maple Leaf Games.

Davenport, the U.S. gold medal winner in the 110-meter hurdles in the 1968 Olympics, shared the old indoor mark of 5.9.

Leon Coleman was second and George Neeland of Toronto third.

McCook Startles No. 4 Juco Club

Sterling, Colo. — Fourth-ranked Northeastern Junior College was upset here Friday night by McCook Junior College of Nebraska, 65-59.

The Coloradoans went into the game with a 21-1 season record, but were led by McCook and his 19 points led his McCook mates to the upset.

McCook, now 20-9 for the season, pulled ahead in the seasaw battle with about nine minutes to take the victory.

Omaha Knights Take Penalty-Riddled Win

Omaha (AP) — In a Central Hockey League game marked by 76 minutes of penalties here Friday night the Omaha Knights skated past the Amarillo Wranglers, 7-3.

Referee Ron Wicks dished out 40 minutes of penalty time to the Wranglers and 36 to Omaha in a game that saw proceedings stopped by fisticuffs in the first and third periods.

His lifetime batting average of .344 ranks higher than that of any other player still alive.

In two decades of baseball, with time out for two wars, he hit 521 home runs.

He is the latest player to hit over .400, passing the magical mark in 1941 with a .406 average that stands as baseball's best in nearly half a century.

Williams led the American League in batting six times, once when he was 40 years old. He won the triple crown twice.

Williams, now 50, will be taking over a team that finished next to last in the American League in hitting

Kansas Could Take Lead In Big Eight Cage Chase

By Associated Press
Kansas, which has been chasing Colorado for five weeks in the Big Eight basketball race, gets its golden opportunity today to grab the conference lead.

The only catch is the Jayhawks need some help from arch-rival Kansas State and Missouri's tenacious Tigers.

Kansas, 7-2 in the Big Eight, entertains Missouri, 4-4, this afternoon in Allen Field House in Lawrence, Kan., for the conference's regionally-televised game.

K-State hosts Colorado in Ahearn Field House at Manhattan, Kan., today night. The Wildcats are third with a 4-3 league record and Colorado remains on top at 7-1.

A Kansas victory and a Colorado defeat would put the Jayhawks on top at 8-2 to the Buffaloes' 7-2.

TED WILLIAMS

last year even though Frank Howard led the majors in home runs.

Short, who master-minded the coup, is a Minnesota millionaire and Democratic Party national treasurer. He

finished buying the club in a \$9 million deal less than a month ago.

An inside source said the offer made to Williams is so fantastic "he couldn't afford to turn it down."

Williams' business manager Fred Corcoran, confirmed that he would like to see the former Red Sox slugger return to baseball, but he said the final decision is up to Williams.

Short said, "we're still working on a meeting of the minds that we can reduce to writing." He said if the deal blows up, there might be an announcement over the weekend. Otherwise, Short said, the club will make the formal confirmation at a news conference next week after the contract is signed.

There are those who believe Kansas will eventually wind up on top, anyway. Missouri coach Norm Stewart is one of those.

"I'd have to pick them to win the league," Stewart said this week of the Jayhawks, "especially with their favorable home schedule."

"Kansas has won three games without Jo Jo White and Greg Douglas, so just like everybody figured, they've got the talent on that club."

What Kansas can't be doing this afternoon, however, is thinking about whether Kansas State is going to ambush Colorado tonight.

Missouri is 11-8 for the season and still has a chance to be the winningest Tiger team since 1920-21 when Mizzou was 17-1.

"We're playing good basketball," Stewart admits. "But right now we're midway through a February schedule

that has us playing every three days. Injuries and illness could catch up with us."

Kansas State could turn it into a three-team race in a hurry by knocking off Colorado, and Wildcat coach Cotton Fitzsimmons obviously feels it's possible.

"Our team attitude and morale are the best they have been all year," he said this week. "All the kids believe they've still got a good chance to win it. I feel the same way, although we're going to have to get some help. That is, some other people will have to beat Kansas and Colorado."

While the first-division teams are playing each other today, Iowa State (4-5) invades Nebraska (2-6) and Oklahoma (1-6) plays at Oklahoma State (3-5) in the battle of also-rans in night games.

that has us playing every three days. Injuries and illness could catch up with us."

Kansas State could turn it into a three-team race in a hurry by knocking off Colorado, and Wildcat coach Cotton Fitzsimmons obviously feels it's possible.

"Our team attitude and morale are the best they have been all year," he said this week. "All the kids believe they've still got a good chance to win it. I feel the same way, although we're going to have to get some help. That is, some other people will have to beat Kansas and Colorado."

While the first-division teams are playing each other today, Iowa State (4-5) invades Nebraska (2-6) and Oklahoma (1-6) plays at Oklahoma State (3-5) in the battle of also-rans in night games.

Justice Dept. Urges Court To Let Negroes Join 'Club'

Washington (AP) — The Justice Department, in a major civil rights move, urged the Supreme Court Friday to force privately operated recreation groups to admit Negroes if such organizations are not bona fide clubs.

The government said in a brief that two civil rights laws almost a hundred years apart guarantee Negroes the right to purchase admission to privately owned places of amusement that are operated as clubs but are, in effect, open to almost any white while being closed to Negroes.

The fact that the club takes on a private character by charging a nominal mem-

bership fee does not exempt it from the force of the law, the department said in an Arkansas case that is shaping toward a historic court ruling.

Position Qualified

However, the government clearly qualified its position so as to exclude what it called bona fide private clubs. "Purely social or personal arrangements are beyond the intended reach" of the 1866 Civil Rights Act, said the brief signed by U.S. Solicitor General Erwin N. Griswold.

He emphasized that the government's position at this point is simply that Negroes have a right to use "privately owned places of public accommodation, which — except for the race barrier — admit all persons indiscriminately."

The issue is drawn in an appeal by two Little Rock Negroes, Mrs. Doris Daniel and Mrs. Rosalyn Kyles, who want to use Lake Nixon Club.

Federal courts in Little Rock and in St. Louis have ruled against the women, saying the club is outside the coverage of the 1964 Federal Civil Rights Act.

Lake Nixon Club, about 12 miles west of Little Rock, offers swimming, picnicking, boating, sunbathing and miniature golf.

The NAACP Legal Defense and Educational Fund, in an appeal, said "a nominal membership fee of 25 cents is charged simply to exclude undesirables including Negroes."

The Supreme Court accepted the appeal last December and is expected to hold a hearing and issue a decision before June.

The Justice Department, which is not a party to the case, stated its position in a friend-of-court brief to make its views known.

In sum, it is that the 1866 and the 1964 acts both support the right of the women to use Lake Nixon.

Young Now 'In Position To Influence Black, White'

By LUCILLE HOWARD
Star Staff Writer

Whitney M. Young Jr., executive director of the National Urban League, said here Friday he believes that now he is in a position to exercise influence and affect policy in both black and white communities.

In Lincoln to accept an honorary doctorate degree at the University of Nebraska's Centennial Convocation, Young said that the vacuum created by the loss of several

leaders in the civil rights movement has thrust him into the influential position of speaking to and for black Americans.

Young referred to the death of Dr. Martin Luther King Jr., head of the Southern Christian Leadership Conference, and to the new assignments of two former Congress of Racial Equality leaders — Floyd McKissick to a business position and James Farmer to a subcabinet post.

A social worker by profession, Young served as the executive secretary of the Omaha Urban League from 1950-53 and taught a course in community organization at NU in Lincoln. He was the first Negro member of the NU faculty, according to Dr. Clifford Hardin, chancellor and U.S. secretary of agriculture.

'No Immunity'

Commenting on the campus disorders sparked by black students, Young warned that NU "has no immunity." A major confrontation can be avoided, however, if university officials acknowledge needs for changes, he said.

Young said he agreed with black students' demands for Afro-American departments in colleges and universities just as schools have Far East or South American studies.

In addition to moving toward a black studies department, the national

leader indicated that as an administrator of a university, he would "aggressively recruit" black students and faculty and "make the school relevant to the community in which it operates."

Each department in an institution would be "charged to assume certain responsibilities in the city," he said. "Much of the teaching would be done by example."

According to Young, most universities border on slums "but they might as well be \$10,000 miles away unless somebody gets a grant to

perform another study." Areas of poverty could be "natural laboratories" for political science departments to promote civic responsibilities, for education departments to experiment with accelerated education for the disadvantaged or for city planners.

In line with standard security arrangements required by the Urban League whenever Young travels, Gene Masters, head of the NU police, and Lincoln police officer Al Maxey accompanied Young during his stay in the state.

Judge Orders JFK Autopsy Photos Freed

Washington (UPI) — A Washington judge Friday ruled that a potential witness in the New Orleans conspiracy trial of Clay Shaw may examine the autopsy photographs and X-rays of John F. Kennedy now sealed in the National Archives.

Judge Charles Halleck of the District of Columbia court of general sessions ordered that a Pittsburgh pathologist, Dr. Cyril H. Wecht, be allowed to see the autopsy material before 4 p.m. Monday.

The judge also directed the U.S. archivist, Dr. James Rhoads, to take the rifle allegedly used by assassin Lee Harvey Oswald to the New Orleans trial along with a bullet and bullet fragments which struck Kennedy.

Halleck also ordered Rhoads to take X-rays of former Texas Gov. John Connally to the Shaw trial and told the government to furnish certified copies of the Kennedy autopsy report, of doctor's statements at the time of Kennedy's death and photos of Kennedy's shirt, coat and tie. Connally was wounded in the Kennedy assassination.

Assistant U.S. Atty. Joseph Hannon indicated he would appeal Halleck's decision. Hannon also could order the archivist to ignore the order, which would lead to contempt of court proceedings that could delay the matter until after the Shaw trial is over.

Ayub Bows To Pressure, Lets Political Opponent Go

Karachi (AP) — Bowing to massive opposition pressure, President Mohammed Ayub Khan moved Friday to lift Pakistan's state of emergency and released his main political foe from detention as violence swept the nation in a general protest strike.

At least five persons were reported killed and scores injured in a wild day of riots,

fires and gun battles that required army intervention in three major cities before Ayub's government dramatically announced it was releasing former Foreign Minister Zulfikar Ali Bhutto.

Bhutto, 41, symbol of Pakistan's growing protest movement against Ayub's 10-year-old regime, said in an interview by telephone from his home in Lakarna: "Today's strike showed the angry mood of the people the undercurrent of unrest and the rising tensions."

"The government had better make an objective appraisal of these developments," said Bhutto.

Ayub's government announced that the state of emergency will be lifted Monday. It has been in effect for 41 months.

Ayub's decision to terminate the emergency imposed Sept. 6, 1965, during the Indian-Pakistani war appeared to pave the way for a round-table conference with opposition parties Monday in Rawalpindi.

Belief In Supreme Being 'Not A CO Requirement'

By DAVE ZIMMERMAN
Star Staff Writer

Belief in a Supreme Being is no longer the prime requisite for draft-age men to apply for conscientious objector status, said a representative of the American Friends Service Committee (AFSC) Friday.

Tim Gardner, regional counselor-trainer for the Des Moines AFSC, told students attending a training seminar at the University of Nebraska that new wording in Selective Service laws does not require belief in a Supreme Being, although many local draft boards are still "hung up" on this idea.

The new wording, which states that "by reason of my religious training and belief, I conscientiously am opposed to participation in war in any form," gives a young man the opportunity to fully explain his beliefs and how they developed, said Gardner.

Two Choices

The conscientious objector (CO) form offers two choices for the registrant — he may file as being willing to participate in the armed services in a noncombatant capacity, or he may claim exemption from all participation in war.

Gardner, in explaining the procedure of CO application, said that applicants must describe the nature and basis of their belief, explain from what sources they acquired their beliefs, report the extent to which they would participate and list their past activities and expressions which support their claim.

Also required are letters of reference which substantiate the applicant's background and claim.

Gardner pointed out that

any false information could result in a five-year prison term and a \$10,000 fine.

Only Duty

Garner said he felt that some questions on the CO form could be challenged constitutionally and that the only real duty of a draft board was to judge the sincerity and consistency of belief of those claiming CO status.

In discussing other alternatives to the draft, Gardner said that he did not advocate denouncing U.S. citizenship, but he noted that is one alternative that many have taken.

One of the dangers of leaving this country and losing citizenship here is that future laws may allow extradition back to the U.S., he said.

Gardner and others attending the day-long seminar said that Canada was probably the best place to go if one wanted to avoid the draft and commented that 12,000 people have made that choice.

Stock Loss Ends Wall Street's Day

New York (AP) — The stock market put on another irregular performance Friday and ended the day with a slight loss. Trading was moderately active.

Volume was 11.46 million shares, compared with 12.01 million Thursday.

The Dow Jones industrial average closed with a minor loss of .75 at 951.95.

Unlike the previous session, when a corporate guard of sturdy blue chips gave the Dow industrials a fairly good gain, no particular elements of strength showed up.

Caution prevailed prior to

the weekend, and nothing much developed in the news to give the market a definite push in either direction.

The Associated Press average of 50 stocks fell 1.0 to 329.5, with industrials down 1.5 and utilities off .5. Of 136 issues traded on the New York Stock Exchange, 69 declined and 386 advanced. New highs for 1969 totaled 16 and new lows 12.

Despite the lackluster nature of the stock market day, 9 of the 15 most active stocks advanced, 4 declined, and 2 were unchanged.

Control Data was the most active stock, up 3/4 at 135 on 318,200 shares. A single block of 220,000 shares accounted for the lion's share of activity in Xerox.

The trend was generally lower on the American Stock Exchange. Volume was 3.8 million shares, compared with 5.23 million Thursday.

Hog Prices Are Firm

Omaha (AP) — Hog prices closed firm to mostly 25 cents higher on the Omaha livestock market Friday.

Top prices were \$20.25-21.25 for 190-240 lbs. butchers.

Fed cattle were in limited supply. Choice steers topped at \$27.00-27.75.

The slaughter lamb supply was too scarce for a market test but prices were quotably steady. Wools were quotable to \$28.00, shorn to \$28.50 and ewes 5.00-7.75.

Hogs: 6,500; barrows and gilts strong to 50 higher; mostly 25 higher; 130-200 lbs. 20.75-21.25; 210-240 lbs. 20.50-21.00; 240-275 lbs. 20.25-20.75; 280-300 lbs. 18.50-19.00; 300-350 lbs. 17.50-18.00.

Cattle: 1,000; calves 20; not enough on offer to test price trend; limited supply; steady; good choice 1,000-1,500 lb. 23.50-24.00; mixed high choice 22.50-23.00; mixed low choice 21.50-22.00; utility and commercial cows 17.50-18.50; a few 18.75-19.00; canner and cutter beef 17.00-17.50.

Sheep: 50; not enough to test prices.

'Investigation Would Show No Wrongs'

Gov. Norbert T. Tiemann said Friday he was "absolutely confident" any investigation by the Legislature of the Department of Motor Vehicles would uncover "nothing wrong."

An investigation was suggested by State Democratic Party Chairman John Mitchell after Motor Vehicles Director Emmett J. Dennis Jr. asked nine department employees to resign and amid reports about his driving record and expense vouchers.

"Every department is open to examination by the Legislature, and they know it," he said. "I am absolutely confident they won't find anything wrong."

"Misunderstanding" Tiemann told a news conference there's been "great misunderstanding over resignations in the department."

"Not all were accepted," he said. "Some people left because of increased pay."

"Dennis is doing a good job," Tiemann said. "I'll not fault him for the method he used in operating his department."

Earlier this week, Dennis asked for the resignations of nine employees, then said he would decide after individual interviews whether to accept them or not.

Seven To Stay Late Friday afternoon, Dennis said from his Omaha home that seven of the nine employees will remain.

He said Charles Kaufman, financial responsibility chief, pursued another job with the Nebraska State Employees Credit Union, and another employee is not sure if he will stay.

Dennis declined to give the name of this employee as well as those who "will definitely stay."

Water Planning Proposal Okayed By Ag Secretary

U.S. Secretary of Agriculture Clifford Hardin has approved a Department of Economic Development proposal to administer a water and sewer planning program for 74 Nebraska counties.

The approval was reported Friday by State Planning Coordinator Doug Bereuter.

The Farmers Home Administration is authorized to make grants to the department totaling \$317,080 over a three-year period.

Gov. Norbert Tiemann said the department's "unusual proposal" will permit all remaining non-metropolitan counties and cities with less than 5,500 population to qualify individually for water and sewer construction grants and loans.

The planning will be conducted on a multi-county basis by utilizing regions established by the department.

The program excludes 19 Nebraska counties.

They are Richardson, Pawnee, Nemaha, Johnson, Otoe, Lancaster, Sarpy, Douglas, Washington, Thurston, Dakota, Dixon, Cedar, Boyd, Holt, Buffalo, Howard and Frontier.

Peoples Accident Insurance Firm Reports Growth

A steady and consistent growth in stated premium income and an 11% increase in claim payments were reported by the Peoples Accident Insurance Co. at its annual meeting Friday.

President John E. Van Vliet said that the growth in claim payments is indicative of the increasing costs of disability.

The current trend in accident and health premiums and new activities in life insurance indicate that 1969 will be the company's best year, Van Vliet said.

Floyd T. Zobel was placed in charge of life recruitment and training and Raymond C. Springer will be in charge of brokerage affiliations.

O. L. Osterlund was re-elected to the board. Holdover directors are John, J. P. and A. G. Van Vliet and Joe R. Evans.

Officers re-elected for 1969 are John Van Vliet, president; J. P. Van Vliet, vice president; Osterlund, secretary-treasurer; A. W. Mason, assistant secretary and assistant treasurer; Bryan Littrell, general counsel; C. D. Spangler, consulting actuary, and Dr. J. R. Loudon, medical director.

Crime Grants Totaling \$160,000 Told

By VIRGIL FALLOON
Star Staff Writer

Nearly \$160,000 in federal planning money for law enforcement improvement was distributed to the 93 Nebraska counties and to two state agencies Friday by the Governor's Crime Commission.

The funds were awarded by the five-member Grant Review Committee delegated this responsibility under guidelines set-up earlier by the full commission.

The federal funds were made available to the state and its governmental subdivisions under the Omnibus Crime Control Act of 1968.

Crime Commission Executive Director Walt Weaver said 22 regions, formed by the 93 counties, were given \$91,405 of a total request of \$124,504.

The Department of Institution's corrections and penal division was awarded \$28,000 of \$34,000 requested while the State Patrol's \$100,000 application was cut to \$40,000 by the committee.

Requests Denied
Weaver said the applica-

tions of the Nebraska County Attorneys Association, \$2,500, State Sheriffs Association \$3,000, and University of Nebraska at Omaha, \$2,650, were denied.

However, he said the committee recommended participation of these organizations in law enforcement planning on a contractual basis rather than by grants.

Weaver said the planning funds awarded the 22 regions will be used to inventory law enforcement personnel, equipment, communications and facilities in each area and establish priorities for projects for action money grants.

Talks with law enforcement officials over the state, he said, indicate regions put top priority on training, followed by better communications, jail facilities and community relations programs.

Highly Pleased
Weaver said he was highly pleased with the way the counties got together in submitting applications for plan-

ning money on a regional basis.

In approving \$40,000 for the State Patrol, Weaver said the committee suggested the agency reconsider its plans to hire outside consultants for planning purposes.

Weaver said he hoped all regions will use Nebraska talent as much as possible in developing their law enforcement plans.

Amounts awarded to each region with requests shown in parentheses:

—Douglas and Sarpy Counties (\$26,000) \$26,113
—Lancaster, (\$15,000) \$10,576
—Dakota, (\$1,620) \$964
—Saunders, Cass and Otoe, (\$2,906) \$2,909
—Dodge and Washington, (\$2,334) \$2,334
—Cuming, Burt and Thurston, (\$1,729) \$1,729
—Johnson, Nemaha, Richardson and Pawnee, (\$4,384) \$3,484
—Butler, Seward and Saline, (\$1,469) \$1,469
—Polk, York and Fillmore, (\$2,500) \$1,729
—Boone, Nance, Platte and Colfax, (\$3,600) \$2,939
—Knox, Cedar, Dixon, Antelope, Pierce, Madison, Wayne and Stanton, (\$5,534) \$5,534
—Howard, Hall, Merrick and Hamilton, (\$3,719) \$3,719
—Adams, Webster, Clay and Nuckolls, (\$3,112) \$3,112
—Thayer, Jefferson and Gage, (\$3,198) \$3,198
—Buffalo, Kearney, Phelps, Franklin, Harlan, Furnas, Dawson, Frontier, and Gosper, (\$8,530) \$7,000
—Grant, Arthur, Keith, Perkins and Chase, (\$1,065) \$1,065

—Hooker, Thomas, Logan, McPherson, and Lincoln, (\$2,200) \$1,902
—Dundy, Hayes, Hitchcock, and Red Willow, (\$1,800) \$1,267
—Kimball, Cheyenne, Deuel, Scotts Bluff, Banner, Morrill and Garden, (\$16,000) \$5,000
—Cherry, Keya Paha, Brown, Boyd, Rock, and Holt, (\$5,000) \$1,968
—Blaine, Lepp, Garfield, Wheeler, Customer, Valley, Greeley, and Sherman, (\$10,589) \$2,075.

The grant committee, headed by Frank U. Koehler, Scottsbluff city manager, included Penal Complex Director Maurice Sigler, Lancaster County Atty. Paul Douglas, Omaha Police Chief Richard R. Andersen and Robert Barnett, governor's counsel.

Israel mounted a ground and air attack Friday against a suspected Arab guerrilla pocket at Oatef inside Jordan just south of the Sea of Galilee.

Two Israeli jet fighters pounded the border spot for 25 minutes and Israeli ground troops backed up the planes, an Israeli army spokesman said.

Israel claimed that the

Who's Too Old To Fall In Love At First Sight?

Jackson, Mich. (P) — "The first time I saw her, I had my eye on her," said Everett G. Williams, recalling his meeting Elizabeth Smith at a Jackson nursing home in 1967.

Friday the couple were married in the nursing home chapel. Williams, from Bay City, is 89. His 88-year-old bride is from Decatur, Ill.

"I think he was playing hard to get," said the new Mrs. Williams.

Expert Says JFK Shot From Back

New Orleans (P) — Dist. Atty. Jim Garrison's own expert witness, called in an attempt to prove President Kennedy was killed in a crossfire, testified Friday at the Clay Shaw conspiracy trial that evidence indicated the only shots that hit came from the rear.

Garrison's prosecutors, over repeated defense objections, ran the home movie of Kennedy's assassination for the fourth time in two days and questioned an FBI agent about it. Shaw, 55, is charged with conspiring to kill Kennedy.

Garrison contends Shaw was involved in a New Orleans-hatched plot to kill Kennedy and that the president was hit by bullets fired from different directions. The Warren Commission said it could find no credible evidence of a conspiracy and said the shots were fired from a single location.

Special agent Lyndal L. Shaneyfelt, a document and photographic expert for the FBI, was not asked his opinion about direction of fire on direct examination, but instead was asked about omissions in making certain lateral angle measurements — the purpose of which was not explained by Asst. Dist. Atty. Alvin Oser.

But on cross-examination by defense attorney F. Irvin Dymond, Shaneyfelt testified he considered all evidence available.

Q. Based on your examination, have you found any photographic evidence to indicate that the shots that hit President Kennedy came from any direction other than his right rear?
A. I did not.
